Class B USD – (MT7000021515) Saman Alpha Fund (the “Sub-Fund”), a Sub-Fund of WATERFRONT SICAV (the “Company”)

Abalone Asset Management Ltd is the Management Company (“Management Company”) of the Company

Objectives and Investment Policy

- The investment objective of the Sub-Fund is to achieve capital appreciation by taking long positions on listed stocks.
 - The Sub-Fund will invest in a diversified portfolio of equity securities following a long only strategy based on a combination of an analysis on the economic climate and the characteristic of the individual companies.
 - The portfolio is normally allocated to several equity securities, typically varying from 30 to 100. The number of equity securities in the portfolio depends on several factors such as economic climate, market conditions for the given period and any other factor considered relevant to the investment strategy. The Sub-Fund shall invest in stocks of any size, country, currency and sector.
 - For handling cash efficiently, the Sub-Fund may also invest in: listed government and corporate bonds with fixed rate, of any type of rating and without a specific focus on markets and/or geographical areas, and in money market funds.
 - The Sub-Fund may also invest in derivatives instruments.
 - Under no circumstances, the Sub-Fund will invest, in aggregate, more than 10% of its NAV in any other funds, including money market funds.
- Income:** The Sub-Fund does not intend to distribute dividends. Any income arising from the Sub-Fund’s investments is reinvested and reflected in the value of your shares. However, the annual general meeting of shareholders can decide to distribute such income.
- Buying and Selling Shares:** You may buy and sell Class B USD Shares (this “Class”) on the first business day of each week subject to certain cut off times.
- Currency:** The Class of the Sub-Fund is denominated in Euro.
- Benchmark:** EuroStoxx50.
- Recommendation:** This Sub-Fund may not be appropriate for investors who plan to withdraw money between 3 to 5 years

Risk and Reward Profile

The above risk and reward indicator rates this Sub-Fund as category 6 since the share price has a high volatility therefore the risk of loss as well as the expected reward can be high.

- The lowest category does not mean a risk free investment.
- The risk and reward profile may change over time.
- The risk and reward category shown is not guaranteed to remain unchanged and that the categorisation of the UCITS may change over time.
- Historical data may not be a reliable indication for the future.

The Following Risks may not be fully captured by the risk and reward indicator:

Equity Risk: The value of shares and securities related to shares will be affected by economic, political, market, and issuer-specific changes.

Derivative Risk: – Derivative values can rise and fall at a greater rate than equities and debt instruments. Losses can be greater than the initial investment. This risk is minimised by holding a diverse selection of non-derivative investments.

Market volatility risk: Some of the markets or exchanges on which the Sub-Fund may invest may be highly volatile from time to time.

Currency Risk: Currency fluctuations may affect both the profitability of the companies the Sub-Fund invests in and the value of the Sub-Fund's investments.

More information regarding risks, may be found in the “Risk Factors” section in the Company’s Prospectus.
