Structure of this Document

Due to the structure of the Company and the fact that several classes of Investor Shares in the Sub-Funds may be offered, the Company has issued this Offering Memorandum which includes general information in connection with the Company and several Offering Supplements, one for each Sub-Fund.

The Offering Memorandum covers all the matters which are generally relevant and/or common to the Sub-Funds. The Offering Supplements contain specific information directly related to a Sub-Fund and the classes of Investor Shares constituting that Sub-Fund. Each Offering Supplement forms an integral part of this Offering Memorandum.

In the case of the Company constituting a new Sub-Fund, a new Offering Supplement, dedicated to the particulars of that Sub-Fund, will be issued.

An Investor will be provided by or on behalf of the Company with both the Offering Memorandum and the relevant Offering Supplement for the specific Sub-Fund. Any Offering Supplement should be read in conjunction with this Offering Memorandum.

An Offering Supplement may modify, supplement or exclude any terms or conditions stated in this Offering Memorandum in relation to a particular Sub-Fund as well as include terms and conditions which, although not included in this Offering Memorandum, apply to the related Sub-Fund. In the event of any incompatibility between the Offering Memorandum and any Offering Supplement, the latter shall prevail with respect to the related Sub-Fund.

Section 2 | PRINCIPAL FEATURES

The following should be read in conjunction with the full text of this Offering Memorandum and is qualified in its entirety by and subject to the detailed information contained elsewhere in this document.

Company Structure

GLOBAL GARDEN SICAV p.l.c. is a collective investment scheme established as a multi-fund investment company with variable share capital (SICAV) incorporated with limited liability under the laws of Malta and licensed by the MFSA under the ISAct as an Alternative Investment Fund targeting Qualifying Investors as set out in the Offering Supplement in respect of a Sub-Fund.

The Company may constitute segregated Sub-Funds which are segregated patrimonies and are represented by different classes of Investor Shares. Such Sub-Funds may also comprise or be subdivided into more than one class of Investor Shares which are not segregated patrimonies.

At the date of this Offering Memorandum the Company has established the following Sub-Fund:

Macro Fund

The investment objectives, policies, restrictions and other features of the Sub-Fund are outlined in the Offering Supplement.

In future, new Sub-Funds may be established and others may be closed. An up-to-date list of the Sub-Funds available for investment can be obtained from the Investment Manager or the Administrator.

Segregated Assets

The Company is structured with segregated liability between its Sub-Funds pursuant to Maltese law and accordingly, the assets of one Sub-Fund will not generally be available to meet the liabilities of another.

Under Maltese law, the creditors of that Sub-Fund whose liabilities exceed its assets shall have no claim or right of action against the assets of the other Sub-Funds and of the Company and the legal status of each Sub-Fund as having segregated assets and liabilities from each of the other Sub-Funds should be respected in any proceedings under the Companies Act related to either the dissolution and consequential winding-up of the Company or its reconstruction. Furthermore such proceedings instituted under the Companies Act should apply in the same way to each Sub-Fund as though it were a distinct legal entity and with such modifications as are necessary in view of the fact that a Sub-Fund is not a company. Any such proceedings in relation to any one Sub-Fund should not have any effect on the assets of any other Sub-Fund or of the Company.

The Directors will hold or cause to be held such separate accounts, records, statements and other documents as may be necessary to evidence the liabilities and assets of each Sub-Fund as distinct and separate from the assets and liabilities of all the other Sub-Funds. If classes of Investor Shares are issued in the same Sub-Fund, all assets and liabilities of each such class of Investor Shares would form part of the total assets and liabilities of the Sub-Fund of which such a class of Investor Shares forms part.

Notwithstanding the foregoing, the Company is a single legal entity which may operate or have assets held on its behalf or be subject to claims in other jurisdictions which may not necessarily recognise such segregation and in such circumstances the assets of one Sub-Fund may be exposed to the liabilities of another. There is no guarantee that the courts of any jurisdiction outside Malta will respect the limitations on liability associated with segregated account companies.

New Classes of Investor Shares

The Company may issue new classes of Investor Shares which may be constituted as segregated Sub-Funds or new classes of Investor Shares within existing Sub-Funds, which may be designated in various currencies. The assets of the said Sub-Funds may be managed utilising different strategies or methodologies, or by investing in different markets.

This Offering Memorandum is to be at all times accompanied by an Offering Supplement for the Sub-Fund which is the subject of the Offering. Offerings in other Sub-Funds may be made again in the future. Information about Sub-Funds other than the ones referred to herein may be obtained from the Investment Manager or the Administrator.

Investment Objective and Policies

The investment objective and policies of a Sub-Fund are set out in the Offering Supplement in respect of that Sub-Fund.

There is no guarantee that the investment objective will be met.

Investment Restrictions

Except as may be specifically stated in the Offering Supplement applicable to any particular Sub-Fund, there shall be no restriction in the manner and extent to which the Company or any of its Sub-Funds may deploy, pledge or otherwise give as security, their assets, or assume liabilities, in pursuit of their specific investment strategies. The Offering Supplement may provide details of any collateral and asset reuse arrangements for a particular Sub-Fund.

Restrictions on Borrowing or Leverage

Except as may be specifically stated in the Offering Supplement applicable to any particular Sub-Fund or in MFSA Rules, there shall be no restriction in the manner and extent to which the Company or any of its Sub-Funds may borrow or leverage its assets.

Where a Sub-Fund is subject to restrictions on borrowing or leverage, the Offering Supplement will, in so far as applicable, include details of:

- a. the circumstances in which the Sub-Fund may borrow or employ leverage;
- b. the types and sources of borrowing or leverage permitted by the Sub-Fund;
- c. any other restrictions on borrowing or leverage by the Sub-Fund; and
- d. the maximum level of borrowing or leverage which the Investment Manager or Sub-Investment Manager is entitled to employ in respect of the Sub-Fund.

Cross Sub-Fund Investment

Subject to any additional restrictions stated in the Offering Supplement applicable to any particular Sub-Fund or in MFSA Rules, a Sub-Fund shall be permitted to invest in Shares of other Sub-Funds of the Company (“**Cross-Sub-Fund Investment**”) under the following conditions and restrictions:

- a. a Sub-Fund may not invest more than twenty-five percent (25%) of its assets in any one other Sub-Fund of the Company;
- b. a Sub-Fund which is the subject of a Cross-Sub-Fund Investment may not invest back into a Sub-Fund which invested in it;
- c. the Investment Manager will, to the extent of the Cross-Sub-Fund Investment, only charge one Investment Management Fee (but excluding any Performance Fees) and one subscription or redemption fee; and
- d. to the extent applicable, Shares held by another Sub-Fund will not have any voting rights or be counted when thresholds for consent of Investor Shareholders are being calculated.

Alterations to the Investment Objective, Policies and Restrictions

Subject to the below requirements, the Directors may, at their sole discretion, alter the Investment Objective, Policies and Restrictions of a Sub-Fund.

Any alteration to the Investment Objective shall be notified to the holders of the Investor Shares in that Sub-Fund by mail at least thirty (30) Business Days before such alterations to the Investment Objective are to come into effect. Investors will be offered the chance to redeem their Investor Shares, and any applicable redemption fees or charges waived accordingly, in the event that they disagree with such changes. These changes will only become effective after all redemption requests received during such notice period have been satisfied.

Any material alterations to the Investment Policies and Restrictions of a Sub-Fund shall be notified to the holders of the Investor Shares in that Sub-Fund before such material alterations are to come into effect.

Redemption

Redemptions of Investor Shares may be made on any Redemption Day, at the Redemption Price, if a valid Redemption Notice is received by the Company at the office of the Administrator with such prior notice and subject to such other conditions as may be stated in the related Offering Supplement.

Redemption requests received after such date will be processed on the next following Redemption Day, provided that the Directors may accept, at their sole discretion, a shorter notice. Redemption Proceeds due will be paid out as soon as practicable after final calculation of the Redemption Price on the relevant Valuation Day and after receipt of the proceeds of the sale of any investments sold to fund the redemption.

Publication of Net Asset Value

The NAV per Share, as determined on each Valuation Day, will ordinarily be made available at the offices of the Investment Manager or Administrator.

Please see the related Offering Supplement for NAV per Share publication arrangements in relation to any particular Sub-Fund.

Minimum Initial Subscription and Minimum Holding

Subject to the discretion of the Directors to permit a lesser investment where deemed appropriate or unless otherwise stated in the related Offering Supplement, Subscribers and/or Shareholders are required to observe the Minimum Initial Subscription and the Minimum Holding requirements details of which will be set out in the related Offering Supplement. The Minimum Initial Subscription and the Minimum Holding shall in no event be less than the minimum amounts set out in the MFSA Rules.

The Minimum Holding requirement applies at all times to all Shareholders; however, no obligations shall arise upon a Shareholder should the total value of its relevant holdings decline to less than the Minimum Holding as a result of any fluctuation in the value of any of the underlying assets.

Minimum Additional Subscription and Minimum Redemption

Subject to the Minimum Holding requirement and subject to the discretion of the Directors to permit a lesser additional subscriptions or redemptions where deemed appropriate or unless otherwise stated in the related Offering Supplement, Shareholders are required to observe the Minimum Additional Subscription and the Minimum Redemption requirements details of which will be set out in the related Offering Supplement.

Accounting Currency

For the purposes of the compilation of the annual financial statements of the Company, the reporting currency for the Company shall be the Accounting Currency. The accounts of each Sub-Fund may be maintained in the Base Currency of a class of Investor Shares constituting that Sub-Fund.

Investment Risk Warning

In this Offering Memorandum and in the Offering Supplement of any Sub-Fund, there may be disclosures or descriptions of various investment strategies, approaches, techniques, methodologies, processes and intentions in relation to one or more Sub-Funds. Such disclosures or descriptions may constitute “forward-looking information” as they could contain statements of the intended course of conduct and future operations relating to the management of the investments of the Sub-Funds. These statements are based on assumptions made by the Investment Manager of the success of its or those of the Sub-Investment Manager’s investment strategies approaches in certain market conditions, relying on the experience of the Investment Manager’s and the Sub-Investment Manager’s officers and employees and their knowledge of historical economic and market trends.

Investors are cautioned that the assumptions made by the Investment Manager and the Sub-Investment Manager and the success of their investment strategies are highly uncertain, and are subject to a number of factors that make them prone to a range of possible outcomes that can result in substantial losses to the related Sub-Fund. Economic and market conditions may change, which may materially impact the success of the Investment Manager’s and the Sub-Investment Manager’s intended strategies as well as its actual course of conduct.

Such investment strategies carry with them particular risks that are not typical of standard equity or bond funds. Current Shareholders, and any prospective investor, are urged to review carefully the risk factors stated for the Sub-Funds in the relevant part of this Offering Memorandum (refer to “**Section 3 | Risk Factors**”) and any specific risk factors relative to any particular Sub-Fund which may be stated in the Offering Supplement for such Sub-Fund.

Further Information

For further information on the Sub-Funds, reference should be made to the latest version of the related Offering Supplements, which are available from the offices of the Investment Manager.

Section 3 | RISK FACTORS

In evaluating the potential and suitability of an investment in one or more Sub-Funds of the Company, careful consideration should be given by prospective investors to the following risk factors which relate to the management of the Sub-Funds and the underlying markets in which the Sub-Funds' assets will be invested.

An Offering Supplement may also supplement the below list of risk factors with additional risks particular to an investment in the relevant Sub-Fund.

The summary below describes in general terms some of the risk factors that need to be considered in connection with an investment in the Company and its Sub-Funds. These risk factors should be regarded as general information and may not be a complete list of all relevant risk factors. It is accordingly recommended that, besides carefully considering the risk factors below, prospective investors also consult their own advisors on any legal, tax and financial issues that are relevant to their specific situation before investing in the Company and its Sub-Funds.

The attention of prospective investors is also drawn to the notice on the cover page of this Offering Memorandum regarding the fact that the Company and its Sub-Funds are licensed as an Alternative Investment Fund targeting or Qualifying Investors, and are therefore subject to a lower level of supervision and regulatory oversight by the MFSA than retail collective investment schemes.

General Risks of Investing

An investment in the Company and its Sub-Funds is subject to all risks incidental to investment in securities and other assets which the Company and its Sub-Funds may own. These factors include without limitation, changes in government rules and fiscal and monetary policies, changes in laws and political and economic conditions throughout the world and changes in general market conditions. There can be no guarantee that any profits will be realised by the Company or a Sub-Fund and, therefore, by the Shareholders.

Risks of Multi-Fund Structure

The Company can establish an unlimited number of separate Sub-Funds each represented by one or groups of classes of Investor Shares. In terms of regulations issued under the Companies Act, a Shareholder's interest will be limited to the assets and liabilities represented by the Sub-Fund in which the Shareholder invests. Investors should, however, be aware that in the event a claim is made against the Company, if the assets attributable to a Sub-Fund in respect of which the claim is made are insufficient to cover such claim, then the creditor may, if a non-Maltese court refuse to recognise the statutory segregation of Sub-Funds under Maltese law, nonetheless be allowed by such non-Maltese court to have recourse to the assets attributable to other Sub-Funds.

As at the date of the Offering Memorandum, the Directors are not aware of any such existing or contingent liabilities. Furthermore it is the standard requirement of the Company that any persons dealing with the Company expressly acknowledge the fact that they have no recourse against the Company and the Sub-Funds except to the extent of the assets of the Sub-Fund in relation to which they have had dealings.

As at the date of the Offering Memorandum, the Directors are not aware of any instances where the treatment of segregated assets under Maltese law, as described above, has been successfully

challenged, against the Company and any Sub-Funds, in Malta or in any jurisdiction where the Investor Shares have been distributed.

Lack of Operating History

The Company is a newly formed entity and as such does not have any established track record which could be utilised as a basis for evaluating potential performance.

Limited Transferability

Since the Directors may decline to register a transfer of Investor Shares at their sole and absolute discretion, Shareholders may not be able to sell their investments and therefore, would have to utilise the Company's redemption or repurchase programme, which itself may be subject to restrictions – see **“Section 11 | Redemption of Investor Shares”**.

Illiquidity of Shares

There will be no secondary market for the Investor Shares, and consequently, Shareholders will likely only be able to dispose of the Investor Shares by redeeming their Shares. There is no assurance that, in order to meet redemptions, a Sub-Fund will be able to liquidate its portfolio without losses. These losses might have an adverse effect on the NAV of the relevant Sub-Fund and thus on the Redemption Proceeds that will be received by the redeeming investor. In the event of unsettled market conditions, or if for any reason Sub-Fund is unable to liquidate its investments or is otherwise obliged to suspend dealings in its Investor Shares, the Company may be unable to redeem Investor Shares.

Kindly also refer to **“Section 11 | Redemption of Investor Shares”** which provides detailed provisions on deferral of redemption arrangements, redemptions in specie, temporary suspension in redemptions and on suspension of redemptions requests.

These arrangements have a direct effect on the liquidity of the Investor Shares.

Substantial Redemptions

Substantial redemptions of Investor Shares could require a Sub-Fund to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the value of the Investor Shares. Substantial redemptions might also cause the liquidation of the Company and/or a Sub-Fund.

Illiquidity in certain markets could also make it difficult for a Sub-Fund of the Company to liquidate positions on favourable terms, thereby resulting in a decrease in the value of the assets. In these circumstances, the non-redeeming Shareholders will bear a disproportionate risk of any decline in the value, liquidity and quality of a Sub-Fund's assets subsequent to the redemptions.

In any of the circumstances described above, the Company may defer, suspend or limit the redemption of Investor Shares in such Sub-Fund – see **“Section 11 | Redemption of Investor Shares”**.

Compulsory Redemptions

The Company reserves the right to require a Shareholder to redeem all or any part of its shareholding, within one (1) Business Day of a notice of intent to do so in the event that the holding of Shares by the Shareholder concerned may result in regulatory, pecuniary, legal, taxation or material administrative disadvantage for the Company or the Shareholders as a whole, if such Shareholder ceases to qualify

as a Qualifying Investor, or, if on any Valuation Day, the total value of the Investor Shares held by the Shareholder is less than the Minimum Holding for the Company or a Sub-Fund or if the Company otherwise determines that the ownership of the Investor Shares by the Shareholder is not in the best interests of the Company. Such compulsory redemptions will take place at the prevailing Redemption Price on the day that such redemption takes place. Should the Company exercise this right, it will not be liable for any loss that an investor may suffer as a result of such compulsory redemption. The Company reserves the right not to give any reason for such an action.

Side Pockets

The illiquid or hard to value assets of a Sub-Fund represented by Side Pocket Shares is such that Investors in that Sub-Fund holding Side Pocket Shares will not be able to redeem their Investor Shares. The illiquidity of such assets may negatively affect the performance of the relevant Sub-Fund. Investors should also be aware of the increased difficulty in the valuation of Side Pocket Shares and the restrictions associated with the realization of interest from such Side Pocket Shares.

Kindly also refer to “**Section 12 | Side Pockets**” which provides detailed provisions on Side Pockets.

Indemnities

The Company's Directors and Officers, the Investment Manager, the Custodian, the Prime Broker, the Administrator and other Service Providers to the Company and each of their directors, officers, employees and agents are entitled to be indemnified in certain circumstances. As a result, there is a risk that the Company's assets will be used to indemnify such persons, companies or their employees or satisfy their liabilities as a result of their activities in relation to the Company or a Sub-Fund.

See “**Section 15 | Indemnities**” for further details on the indemnities granted by the Company.

Interest Rate Changes

The value of Shares may be affected by substantial adverse movements in interest rates. Interest rate risk includes, but is not limited to:

- (a) the risk that debt obligations will decline in value because of changes in interest rates. Generally, debt securities will decrease in value when interest rates rise and increase in value when interest rates decline. The value of a Sub-Fund's investments may fluctuate with the level of prevailing interest rates from time to time.
- (b) the risk that the cost of any borrowing by the Company, or by a Sub-Fund, on which interest is payable at a variable rate will increase if the relevant rate of interest moves higher. Conversely, assets which earn interest at a variable rate will suffer a decline in income if the relevant rate of interest declines.
- (c) The risk that a spread movement between interest rates will affect the cost of currency hedging.

Concentration Risk

To the extent that its portfolio is concentrated in investments or other assets in or from a particular country, market, industry, group of industries, sector or asset class, a Sub-Fund may be adversely affected by the performance of those assets, may be subject to increased price volatility and may be

more susceptible to adverse economic, market, political or regulatory occurrences affecting that market, industry, group of industries, sector or asset class.

Geographic Risk

Geographic risk is the risk that a Sub-Fund's assets may be concentrated in countries located in the same geographic region. This concentration will subject a Sub-Fund to risks associated with that particular region, such as a natural disaster.

Confidential Information

The Investment Manager may, in connection with its other business activities, acquire material non-public confidential information that may restrict the Investment Manager from purchasing assets or selling assets for itself or its clients (including the Company) or otherwise using such information for the benefit of its clients or itself.

Credit Risk

Some of the assets held by a Sub-Fund may derive an important part of their value from the credit quality of an issuer or an underlying entity. In the eventuality of a credit event related to that issuer or related entity, such as a bankruptcy, obligation acceleration, obligation default, failure to pay, repudiation, moratorium or restructuring, or in the eventuality of a general deterioration of credit conditions, the Sub-Funds could be subject to important losses on credit related positions.

In addition, with regards to the credit risk of the Company towards the potential investors or Shareholders, monies subscribed in advance of a Subscription Day and held pending investment on the Subscription Day, or proceeds of redemptions held pending payment to investors, may be viewed by the courts as assets of the Company in the event of the insolvency of the Company prior to that relevant Dealing Day.

Borrowing and Leverage Risks

A Sub-Fund may not be able to repay borrowings or may be forced to sell investments at a disadvantageous time in order to repay borrowings. Costs incurred in connection with the use of leverage may not be recovered by income or appreciation in the investments purchased, and may be lost in the event of a decline of the market value of such investments. In the event of a precipitous drop in the value of its assets, a Sub-Fund might not be able to liquidate assets quickly enough to repay its margin debt. A Sub-Fund might elect to sell its more liquid assets to repay borrowings, or to meet redemptions, thus increasing its concentration in less liquid securities.

Strategy

In any Sub-Fund, strategy related losses can result from excessive concentration in the same investment policy or in the general economic events that adversely affect particular strategies. Furthermore, policies employed may evolve over time, and perhaps change materially, in ways that would be difficult (if not impossible) for the Investment Manager to detect or follow. There can be no assurance that any trading method employed by the Investment Manager will produce profitable results. Moreover, past performance is not necessarily indicative of future profitability.

Liquidity of Investments

At various times, the markets for securities in which a Sub-Fund may invest in may be “thin” or illiquid, making purchases or sales of securities at desired prices or in desired quantities difficult or impossible. The liquidity of the market may also be affected by a halt in trading on a particular futures or securities exchange or exchanges. Illiquid markets may make it difficult for a Sub-Fund to get an order executed at a desired price. All of the above could result in delays in the calculation of the NAV and/or payment of any Redemption Proceeds. Under certain circumstances, the Sub-Fund may be unable to liquidate portfolio investments due to the absence of a liquid market, and consequently, may not be able to redeem Investor Shares.

Hedging Transactions

The Investment Manager may employ various techniques to attempt to reduce a portion of the risks inherent in its investment strategies. The ability to achieve the desired effect through a particular technique is dependent upon many factors, including the liquidity of the market at the desired time of execution. Thus such techniques cannot always be implemented or effective in reducing losses. Hedging transactions, including the use of derivative contracts, which may be used by the Investment Manager have risks associated with them, including possible default by the other party to the transaction, illiquidity, a lack of regulation in certain over-the-counter markets and, to the extent that the view of the Investment Manager as to certain market movements is incorrect, the risk that the use of hedging transactions could result in losses greater than if they had not been used. Use of put and call options may result in losses. The use of currency transactions can result in losses being incurred as a result of a number of factors including the imposition of exchange controls, suspension of settlements, or the inability to deliver or receive specified currency.

The use of options and futures transactions entails certain other risks. In particular the variable degree of correlation between price movements of futures contracts and price movements in the related portfolio position of a Sub-Fund creates the possibility that losses on the hedging instrument may be greater than gains in the value of that position. In addition, futures and options markets may not be liquid in all circumstances. As a result, in certain markets, a Sub-Fund might not be able to close out a transaction without incurring substantial losses, if at all. Although the use of futures contracts and options transactions for hedging should tend to minimise the risk of loss due to a decline in the value of the hedged position, at the same time they tend to limit any potential gain which might result from an increase in value of such position. Finally, the daily variation margin requirements for futures contracts could create a greater ongoing potential financial risk than could purchases of options, where the exposure is limited to the cost of the initial premium. Losses resulting from the use of hedging transactions could reduce Net Asset Value, and possibly income and such losses can be greater than if the hedging transactions had not been utilised.

Lower Credit Quality Bonds

There are no restrictions on the credit quality of the bonds to be held in the Sub-Funds' portfolios. Bonds purchased by the Sub-Funds may be deemed to have substantial vulnerability to default in payment of interest and/or principal. Certain bonds which the Sub-Funds may invest in have large uncertainties or major risk exposures to adverse conditions, and may be considered to be predominantly speculative. Generally, such bonds offer a higher return potential than higher quality bonds but involve greater volatility of price and greater risk of loss of income and principal. The market values of certain of these bonds also tend to be more sensitive to changes in economic conditions than better quality bonds.

Fraud

Of paramount concern for any investment is the possibility of material misrepresentation or omission on the part of a counterparty. Such inaccuracy or incompleteness may adversely affect the valuation of the collateral underlying an investment. The Investment Manager will rely upon the accuracy and completeness of representations made by counterparties to the extent reasonable, but cannot guarantee such accuracy or completeness. Under certain circumstances, payments to a Sub-Fund may be reclaimed if any such payment or distribution is later determined to have been a fraudulent conveyance or a preferential payment.

Due Diligence Process

Before making investments, the Investment Manager will conduct due diligence that it deems reasonable and appropriate based on the facts and circumstances applicable to each investment. When conducting due diligence, the Investment Manager may be required to evaluate important and complex business, financial, tax, accounting, environmental and legal issues. Outside consultants, legal advisors, accountants and investment banks may be involved in the due diligence process in varying degrees depending on the type of investment. Nevertheless, when conducting due diligence and making an assessment regarding an investment, the Investment Manager will rely on the resources available to it, including information provided by the target of the investment or the seller and, in some circumstances, third-party investigations. The due diligence investigation that the Investment Manager will carry out with respect to any investment opportunity may not reveal or highlight certain facts that could adversely affect the value of the investment.

Investment in collective investment schemes

One or more Sub-Funds of the Company may invest in collective investment schemes which may be unregulated. It should be noted that unregulated collective investment schemes do not afford the same level of protection towards investors generally afforded by regulated collective investment schemes. Furthermore, the valuation of such collective investment schemes may be based on estimate values provided by such collective investment scheme.

It should also be noted that the investment policies of a particular sub-fund may allow the Investment Manager to invest in other collective investment schemes managed by it. In such circumstances, the Investment Manager will waive any fees payable to it by such collective investment scheme in respect of the investment in order to protect the investor against duplication of fees.

Derivatives

One or more Sub-Funds of the Company may from time to time utilise both exchange-traded and over-the-counter derivatives including, but not limited to futures, forwards, swaps, options and contracts for differences as part of its investment policy. These instruments can be highly volatile and expose investors to a high risk of loss. The low initial margin deposits normally required to establish a position in such instruments permit a high degree of leverage. As a result, depending on the type of instrument, a relatively small movement in the price of a contract may result in a profit or a loss which is high in proportion to the amount of funds actually placed as initial margin and may result in unquantifiable further loss exceeding any margin deposited. In addition, daily limits on price fluctuations and speculative position limits on exchanges may prevent prompt liquidation of positions resulting in potentially greater losses. Transactions in over-the-counter contracts may involve additional risk as there is no exchange market on which to close out an open position. It may be impossible to liquidate an existing position, to assess the value of a position or to assess the exposure to risk. Contractual asymmetries and inefficiencies can also increase risk, such as break clauses, whereby a counterparty

can terminate a transaction on the basis of a certain reduction in NAV, incorrect collateral calls or delays in collateral recovery.

A Sub-Fund employing over-the-counter derivatives will also be dependent on the willingness of counterparties to enter into off-exchange contracts with it. Failure to identify or delay in identifying such counterparties could limit the ability of that Sub-Fund to carry on its business.

Contingent Liability Transactions

Contingent liability transactions, which are margined, require a Sub-Fund to make a series of payments against the purchase price, instead of paying the whole purchase price immediately.

If a Sub-Fund trades in futures, options or contracts for differences, it may sustain a total loss of the margin deposited to establish or maintain a position. If the market moves against the related Sub-Fund, it may be called upon to pay substantial additional margin at short notice to maintain the position. If the related Sub-Fund fails to do so within the time required, its position may be liquidated at a loss and that Sub-Fund will be responsible for the resulting deficit. Even if a transaction is not margined, it may still carry an obligation to make further payments in certain circumstances over and above any amount paid when that Sub-Fund entered the contract.

Use of Bankers

Sub-Fund's cash may be deposited with the Custodian (as banker) or another banking institution selected by the Investment Manager or the Company, as disclosed in the relevant Offering Supplement. In spite of upcoming more stringent rules on banks' capital reserves and possible restrictions on proprietary trading, the failure of a bank is always possible, especially in the context of systemic risk trigger events. In the event of failure of a bank, a Sub-Fund risks losing all or a portion of cash held with that institution. Further, as an institutional investor, the Company or its Sub-Funds would not normally benefit from depositor compensation schemes.

Dependence on Key Individuals

The Company's success depends to a significant extent, upon the role of the Investment Manager and/or the Sub-Investment Manager in the management of the assets of the Company and its Sub-Funds. Additionally the Investment Manager or the Company may depend upon the specialist expertise of other service providers or advisors such as Investment Advisors. To the extent that such activities relate to the operations of the Company, the Company may be adversely affected if any of those officers of the relevant service provider or advisor responsible for these activities cease to participate in the operations of that service provider or advisor..

The loss of such a key individual's services (e.g. through death, disability, retirement or leaving the employment of the relevant service provider or advisor) could cause the Company to suffer losses.

Fee Structure

The Company will bear the fee paid to the Investment Manager and other service providers. Further, certain strategies employed in the Sub-Funds, or in investments made by the Sub-Funds, may require frequent changes in trading positions and consequent portfolio turnover. This may involve brokerage commission expenses exceeding significantly those of other investment schemes of comparable size. Performance Fees may also be payable by the Sub-Funds. The existence of Performance Fee arrangements, especially where no capped amount is imposed, may potentially encourage any person

benefiting therefrom (such as the Investment Manager) to make investments that are riskier or more speculative than would be the case in the absence of Performance Fees. The increased in NAV used as a basis for the calculation of performance fee may include both realised and unrealised gains as the end of the calculation period. Therefore, the Performance Fee may be paid out on unrealised gains which may subsequently never be realised by the respective sub-fund.

Exchange Rate Fluctuations

The Company's accounts will be denominated in Euro however the classes of Investors Shares constituting a Sub-Fund and the investments made directly or indirectly by a Sub-Fund may be denominated in any currency as may be specified in the relevant Offering Supplement. Shareholders bear all risks of exchange rate fluctuations between their base currency and the Base Currency of the Investor Shares held by them. The Company may hedge the exchange rate risk between the Base Currency of the classes of Investors Shares in a Sub-Fund and the currency of the assets in which the relevant Sub-Fund invests. All costs and profits and/or losses relating to the hedging instrument will be allocated to the relevant class of Investor Shares in a Sub-Fund to which the hedging instrument relates.

Conflicts of Interest

Conflicts of interest may arise between the Company and the persons or entities involved in the management of the Company or offering services to it including the Investment Manager, the Administrator, the Custodian, the Prime Broker and other service providers which may be appointed in respect of a Sub-Fund or counterparties thereof. The Investment Manager, the Sub-Investment Manager, the Investment Advisor, the Custodian, the Prime Broker and the Administrator which may be appointed in respect of a Sub-Fund (including their respective principals, shareholders, members, directors, officers, agents or delegates and employees) may from time to time act as Investment Manager, Sub-Investment Manager, Investment Advisor, the Custodian, Prime Broker or Administrator in relation to, or otherwise be involved in, other funds established by parties other than the Company, which have similar objectives and which make investments similar to those made on behalf of a Sub-Fund. Such clients could thus compete for the same trades or investments, and whilst available investments or opportunities for each client are generally expected to be allocated in a manner believed to be equitable to each, certain of the allocation procedures may adversely affect the price paid or received for investments or the size of positions obtained or disposed. Similarly, the Investment Manager, the Sub-Investment Manager, the Investment Advisor, the Administrator, the Custodian, the Prime Broker, and their principals and the Directors may trade for their own accounts in any of the types of assets in which a Sub-Fund invests or intends to invest.

Conflicts may also arise as a result of the other services provided by affiliates of the Investment Manager which may provide advisory, custody or other services to the Investment Manager. Similarly the Directors may also be directors of service providers to the Company or of companies in which the Company may invest, which could result in conflicts of interest.

The Directors in their personal capacities, or entities in which the Directors may have a management or financial interest, may also from time to time invest in the Sub-Funds and may increase or decrease such holdings without notice.

Generally, there may be conflicts of interest between the interests of the Company and the interests of the Investment Manager, the Sub-Investment Manager, the Investment Advisor, the Custodian, the Prime Broker, the Administrator and their respective affiliates and the Directors to generate fees, commissions and other revenues. In the event that such a conflict of interest arises, the Directors will endeavour to ensure that it is resolved in the best interest of the Company. It should be noted that the

Investment Manager as well as its affiliates, may at any time also be offering their services to one or more of the investors in the Sub-Funds.

Furthermore, the Investment Manager may have equity stakes in the funds (or fund managers) to which they are providing their services, or own or have an interest in one or more assets that are also owned by such funds. Conflicts of interest can therefore not be ruled out.

See “**Section 8 | Conflicts of Interests**” for further details on the conflict of interests applicable to the Company.

Significant Investor / Shareholder

It is expected that at any time investors in a Sub-Fund of the Company may include individual investors (“**Significant Investors**”) with significant holdings in the outstanding Investor Shares in a particular Sub-Fund. The presence of a large investor helps to mitigate the burden of the fixed costs of a Sub-Fund, by effectively spreading the impact of such costs over a larger NAV than would otherwise be the case. By the same token, any large redemptions by such an investor will raise the impact of such fixed costs on remaining investors. Large orders to purchase or sell Investor Shares in a Sub-Fund by Significant Investors may, individually or on a combined basis, also result in parallel investment / disinvestment transactions by the Sub-Fund concerned in one or more of its underlying assets. This could in turn possibly impact on the value of such investments thereby affecting the NAV of the Sub-Fund concerned, as well as that of other Sub-Funds investing in the same underlying assets.

THE FOREGOING LIST OF RISK FACTORS DOES NOT PURPORT TO BE A COMPLETE ENUMERATION OR EXPLANATION OF THE RISKS INVOLVED IN AN INVESTMENT IN THE COMPANY OR ITS SUB-FUNDS. PROSPECTIVE INVESTORS SHOULD READ THIS ENTIRE OFFERING MEMORANDUM AS WELL AS ANY RELEVANT OFFERING SUPPLEMENT AND CONSULT THEIR OWN COUNSEL AND ADVISORS BEFORE DECIDING TO INVEST IN THE COMPANY OR ITS SUB-FUNDS.

The Investment Manager employs risk management processes and also has risk management procedures and processes which enable it to monitor the risks of the Sub-Funds.

The Investment Manager maintains a liquidity management process to monitor the liquidity risk of the Sub-Funds, which includes, among other tools and methods of measurement, the use of stress tests under both normal and exceptional liquidity conditions.

The liquidity management systems and procedures allow the Investment Manager to apply various tools and arrangements necessary to ensure that the portfolio of each Sub-Fund is sufficiently liquid to normally respond appropriately to redemption requests. In normal circumstances, redemption requests will be processed as set out in “**Section 11 | Redemption of Investor Shares**”.

Other arrangements may also be used in response to redemption requests, including the temporary suspension or deferral of such redemption requests in certain circumstances or use of similar arrangements which, if activated, will restrict the redemption rights investors benefit from in normal circumstances as set out below under “**Section 11 | Redemption of Investor Shares**”.

The Investment Manager has established policies and procedures and made arrangements to ensure the fair treatment of investors. Such arrangements include, but are not limited to, ensuring that no one or more investors are given preferential treatment over any rights and obligations in relation to their investment in the Sub-Fund. All rights and obligations to investors, including those related to subscription and redemption requests, are set out in this Offering Memorandum, the relevant Offering Supplement or the Memorandum and Articles.

The Investment Manager is required to establish and implement effective arrangements for complying with the best execution requirements, required under the AIFMD. The Investment Manager will therefore take all reasonable steps to achieve the best possible execution result on a consistent basis.

Section 6 | THE CUSTODIAN

Zarattini International Ltd has been appointed as custodian of the Company in respect of each Sub-Fund in accordance with the terms of the custody agreement (the “Custody Agreement”) dated 26th May 2016 entered into between the Company, the Investment Manager and the Custodian.

The Custodian is a limited liability company incorporated under the laws of Malta with registration number C 68839 and is licensed by the MFSA to provide, inter alia, custody services to collective investment schemes. The Custodian’s registered office is situated at 171, Old Bakery Street, Valletta, Malta and its head office is situated at Europa Centre, 56, Saint Anne Street, Floriana, Malta. The Custodian forms part of the Zarattini & Co Group.

The duty of the Custodian is to provide safekeeping, oversight and cash monitoring services in respect of the assets of the Company and the Sub-Fund in accordance with AIFMD. In carrying out its duties, the Custodian must act solely in the interest of the investors of the Company.

The Custodian may delegate all or part of its services, functions and duties under the Custody Agreement, save for cash flow monitoring and oversight duties, to third parties. The Custodian shall be liable to the Company, in respect of the relevant Sub-Fund, for the loss of financial instruments held in custody by the Custodian or a sub-custodian to whom the custody of financial instruments held in custody in accordance with the Custody Agreement has been delegated (a “Sub-Custodian”). In the case of such a loss of a financial instrument held in custody, the Custodian is required to return a financial instrument of identical type or the corresponding amount to the Company, in respect of the relevant Sub-Fund, without undue delay. The Custodian shall not be liable however, if it can prove that the loss has arisen as a result of an external event beyond its reasonable control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary.

Furthermore, the Custodian shall be liable to the Company, in respect of the relevant Sub-Fund, for all losses, other than losses of financial instruments held in custody, as mentioned above, suffered by it as a result of the Custodian’s negligent or intentional failure to properly fulfil its obligations pursuant to the AIFMD.

The Custodian’s liability as aforesaid shall not be affected by any delegation of safekeeping functions to a Sub-Custodian; provided that, in case of a loss of financial instruments held in custody by a Sub-Custodian, the Custodian shall be discharged of liability if it can prove that:

- (a) all requirements for the delegation of its custody tasks set out in the second subparagraph of paragraph 11 of Article 21 AIFMD are met;
- (b) a written contract between the Custodian and the sub-custodian expressly transfers the liability of the Custodian to that sub-custodian and makes it possible for the Company to make a claim against the sub-custodian in respect of the loss of financial instruments or for the Custodian to make such a claim on their behalf;

(c) a written contract between the Custodian and the Company expressly allows a discharge of the Custodian's liability and establishes the objective reason to contract such a discharge. The Custody Agreement expressly allows the discharge of the Custodian's liability. The Custody Agreement provides that the Custodian shall not re-use, and shall not grant any sub-custodian the right to re-use, any assets for its own account or the account of other clients, unless otherwise agreed between the Company and the Custodian.

The Custody Agreement was made for an unlimited duration and may, unless grounds subsist for immediate termination (e.g. material breaches, insolvency of either of the parties etc), be terminated by either party giving a minimum of ninety (90) calendar days prior notice to the other party in writing. In the event of termination of the Custody Agreement, such termination will not take effect until the earlier of the appointment of a successor custodian or the liquidation of the Company or the relevant Sub-Funds as set out in the Articles.

The Custodian will be entitled to receive a fee from the Company and to receive reimbursement from the Company of all its operating expenses in connection with the Company, including any fees and customary agency charges paid by the Custodian to any sub-custodian as more fully described in the Custody Agreement. The fees payable to the Custodian are set out in the Section entitled "Fees, Compensation and Expenses" below and in the Custody Agreement.

Global Custodian and other sub-custodians

In terms of the Custody Agreement the Custodian, subject to a number of conditions, is entitled to delegate safekeeping services to one or more sub-custodians, with the power of sub-delegation. The Custodian is required to exercise all due skill, care and diligence to ensure that entrusting instruments to the sub-custodian provides an adequate standard of protection, when selecting and appointing the sub-custodian and in the periodic review and ongoing monitoring of the sub-custodian.

The Custodian has global custody network access by means of a custody agreement entered into with Banca Zarattini & Co, Lugano, Switzerland, a Bank incorporated under the laws of Switzerland and authorised and regulated in Switzerland by the Swiss National Bank.

Conflict and inducements

Zarattini International Ltd has arrangements in place to manage conflicts of interest (Conflicts Policy) when dealing with all its sub-custodians. If the arrangements are not sufficient to ensure, with reasonable confidence on Zarattini International Ltd's part, that risks of damage to the Company (the AIF) will be prevented, the Custodian will clearly disclose the general nature and/or the sources of the conflict of interest to the Company before undertaking the relevant business with or for the Company.

Inducements

The Custodian may share any fees and non-monetary benefits with any Zarattini Group entity or other third parties (including a person acting on their behalf) or receive fees and non-monetary benefits from them in respect of the services provided pursuant to this Agreement. Details of the nature and amount of any such fees or non-monetary benefits (excluding exempt fees, which for these purposes mean custody costs, settlement and exchange fees, regulatory levies or legal fees) will be available on the Company's written request.

The Custodian is not responsible for the preparation or issue of this Offering Memorandum other than with respect to information concerning the Custodian including the above summary details. The Custody Agreement is regulated by the laws of Malta and subject to the jurisdiction of the Maltese courts.

The fees payable to the Custodian are set out in “**Section 12 | Fees, Charges and Expenses**” hereunder.

Other Service Providers

The Board have also engaged the following other main service providers:

Legal Advisors

The Company has engaged GANADO Advocates as its legal advisors as to matters of Maltese law. GANADO Advocates may also act as counsel to other funds managed by the AIFM or its associates now or in the future and GANADO Advocates may act as counsel to the AIFM. Conflicts could arise due to these multiple representations. Potential investors are urged to consult their own counsel. In connection with its representation, GANADO Advocates acts as counsel solely in respect of the specific matters, on which it has been consulted, and GANADO Advocates' involvement with respect to any particular matter is limited by the actual knowledge of GANADO Advocates lawyers who provide substantive attention to that matter.

Tax Advisors

The Company has engaged Deloitte Services Limited as its tax advisors in relation to Maltese direct and indirect taxation.

The Company may appoint additional service providers to one or more Sub-Funds as may be specified in the relevant Offering Supplement(s).

Shareholder Rights Against Service Providers

It should be noted that Shareholders will only be able to exercise their rights directly against the Company and will not have any direct contractual rights against the service providers of the Company and the Sub-Funds appointed from time to time.

Section 8 | CONFLICTS OF INTEREST

Potential investors should be aware that there may be situations in which each and any of the Directors, the Investment Manager, the Sub-Investment Manager, the Investment Advisor, the Custodian, the Prime Broker and the Administrator (together the “**Interested Parties**”), could encounter a conflict of interest in connection with the Company. Should a conflict of interest actually arise, the Directors and the Investment Manager will endeavour to ensure that it is resolved fairly. In addition, the Directors of the Company and the Investment Manager will endeavour that all agreements and transactions entered into by the Company will be negotiated at arm's length insofar as it is reasonably possible to do so. In particular, potential investors should be aware of the following:

- (a) Any Interested Party may act as director, investment manager, distributor, depository, registrar, broker, administrator, investment adviser, dealer, clearing brokers, prime broker and/or sub-custodian in relation to, or be otherwise involved in, other investment funds which have similar or different objectives to those of a Sub-Fund, or engage the same or similar trading strategies. It is, therefore, possible that any of them may, in the course of business, have potential conflicts of interest with the Company or a Sub-Fund. Each Interested Party will, at all times, have regard to such event to its obligations to the Company and the relevant Sub-Fund and will endeavour to ensure that such conflicts are resolved fairly.
- (b) Certain Directors or entities in which they may have a financial or managerial interest, may purchase Investor Shares of the Company and receive a portion of each, or all, of the advisory fees or management fees paid by the Company as attributable to such purchasers' Investor Shares. Thus, to the extent of such purchases, such Directors may have a conflict of interest between their duty to act for the benefit of the Shareholders in limiting expenses of the Company and the Sub-Funds and their interest in receiving such fees.
- (c) The Investment Manager may make investments for other clients without making the same available to the Company.
- (d) The Company may invest in securitisation vehicles or other special purpose vehicle whose originator and/ or service provider forms part of the same group of companies as the Investment Manager or a company otherwise connected with the Investment Manager. The Company may enter into such dealings provided that they are on an arm's length basis and on terms no less favourable to the Company than could have been obtained had the dealing been effected with an independent third party.
- (e) The Company may affect the sale or purchase of investments through a broker who is associated with the Investment Manager, provided that the amount of commission payable to such broker is not in excess of that which would have been payable had the sale or purchase been effected through a broker who is not so associated.
- (f) Mr. Roberto Colapinto, Director of the Company, is also involved in the Investment Manager. As a result, it could be said that the Investment Management Agreement was not negotiated on arms length terms. However, the Directors have fiduciary duties to the Company and consequently have exercised and will exercise good faith and integrity in handling all the Company's affairs.
- (g) Certain Directors may have a direct or indirect beneficial interest in the Founder Shares or in the allocations which may be payable from time to time to the holders of Founder Shares.

Section 9 | ORGANISATION OF THE COMPANY

The Company was incorporated in Malta on 13th May 2016 with registration number SV412.

The Company is a multi-fund limited liability company with variable share capital (SICAV) and operates as an open-ended collective investment scheme. In addition, the Company has made the appropriate election in its Memorandum and Articles to have the assets and liabilities of each Sub-Fund treated as a patrimony separate from each other Sub-Fund.

The Company is licensed by the MFSA as an Alternative Investment Fund with licence number CIS412.

Capitalisation of the Company

As the Company is organised as a Company with variable share capital, its share capital is equal to the value of the issued share capital of the Company at any time. The Company may issue up to a maximum of 300 (three hundred) Founder Shares and up to ten billion (10,000,000,000) fully-paid up Investor Shares in each case without any nominal value assigned to them.

The paid up share capital of the Company shall at all times be equal to the NAV of the Company as determined in accordance with the Memorandum and Articles and this Offering Memorandum.

The Founder Shares

The initial share capital of the Company is €300 (three hundred euro) divided into 300 (three hundred) Founder Shares with no nominal value, which shares constitute a separate class of shares of the Company but do not constitute a separate sub-fund.

The holders of the Founder Shares retain all the voting rights of the Company including the right to appoint all the Directors of the Company. Accordingly, the holders of the Founder Shares are also entitled to amend the Memorandum and Articles. The Memorandum and Articles empower the Directors to create different classes of shares from time to time.

Except to the extent that they have the right to a return of paid up capital on winding-up and any dividend rights, the Founder Shares do not participate in the assets of the Company. The holder of each Founder Share is entitled to one vote per share on all matters which may arise for consideration by the holders of the issued and outstanding Founder Shares of the Company. Each Investor Share and each Founder Share, when issued will be fully paid and non-assessable.

The Investor Shares

In terms of this Offering Memorandum and the Offering Supplement in respect of each Sub-Fund the Company is offering non-voting Investor Shares with no nominal value. The Company may issue non-voting Investor Shares as may be specified in the Offering Supplement relating to a Sub-Fund.

The Company may, in due course, issue additional classes of Investor Shares, constituting other Sub-Funds, which may be designated in other currencies, and the assets of which may be managed utilising different methodologies or investing in different markets. Such other class(es) of Investor Shares will be offered by means of other offering memoranda in the form of an Offering Supplement

for the specific Sub-Fund. When making an Initial Offering of Investor Shares in a newly established Sub-Fund the Directors shall establish the number of Investor Shares on offer, the rights if any attached to such shares, and the Initial Offering Price for such Investor Shares at the time of offer and this shall be stated in the Offering Supplement for the specific Sub-Fund.

The Company may, in due course, also issue additional classes of Investor Shares forming part of existing Sub-Funds of the Company.

All Investor Shares of a Sub-Fund participate equally in the net assets of that Sub-Fund as are represented by the appropriate class(es) of Investor Shares on liquidation and in any dividends and other distributions attributable to that Sub-Fund as may be declared.

Other than as stated above, no shares in the Company have preferential, pre-emptive, conversion or exchange rights and there are no outstanding options or any special rights relating to Investor Shares or Founder Shares.

Duration of the Company

The duration of the Company is indefinite but Sub-Funds may be issued for a fixed duration, after which, unless alternative arrangements are applicable as may be described in the related Offering Supplement, they shall be wound up and all assets distributed to the holders of Investor Shares. Generally however, a Sub-Fund will have a continuous Offering Period that shall remain open until the Directors determine otherwise. In relation to any particular Sub-Fund, see the related Offering Supplement for details.

Holders of the Founder Shares

300 (three hundred) fully paid up Founder Shares in the Company have been subscribed to as follows:

- | | | |
|------|------------------------------------|--------------------|
| i. | Roberto Colapinto: | 128 Founder Shares |
| ii. | Nicolo` Valdetaro: | 64 Founder Shares |
| iii. | Roberto Pezzimenti: | 27 Founder Shares |
| iv. | Petra Pezzimenti: | 27 Founder Shares |
| v. | Sebastien de Tholomese de Prinsac: | 27 Founder Shares |
| vi. | Claudie de Tholomese de Prinsac: | 27 Founder Shares |

The holders of the Founder Shares hold all the voting rights with respect to the affairs of the Company.

Alterations to the Company's Share Capital

The Company may increase or reduce its authorised share capital being the maximum number of Shares that may be in issue (see "Capitalisation of the Company" above) by an extraordinary resolution of the holders of the Founder Shares (i.e. a resolution notice of which has been given prior to the meeting, and which is approved by in excess of 50% of the holders of the Founder Shares who are entitled to vote thereon at the meeting).

Amendment to Memorandum and Articles of Association

The Memorandum and Articles may only be altered or amended by the passing of an extraordinary resolution of the holders of the Founder Shares to such effect. In terms of the Memorandum and Articles, any such resolution amending the Memorandum and Articles is to be, prior to adoption, notified to the Board of Directors and approved by the MFSA. Amendments to the Memorandum and Articles that affect existing Shareholder class rights will also need to be approved as set out below.

Variation of Class Rights

If at any time the share capital is divided into classes of shares, the rights attached to any then existing class (unless otherwise provided by the terms of issue of the shares of that class) may, whether or not the Company is being wound up, be varied with the consent in writing of the holders of not less than three-fourths ($\frac{3}{4}$) of the issued shares of that class and of any other class of shares which may be affected by such variation or by a special resolution (i.e. a resolution passed by a three-fourths ($\frac{3}{4}$) majority of those persons present and entitled to vote in favour of the resolution) passed at a separate class meeting of the holders of the shares of such class or by unanimous written resolution of such separate class. In terms of the Memorandum and Articles, it shall not be deemed to be a variation of the rights attaching to any particular class of shares for the Company to, amongst others, (i) create, allot or issue further Investor or Founder Shares ranking *pari passu* with, in priority to or subsequent to the existing Investor or Founder Shares respectively, (ii) amend or vary the investment objective of one or more Sub-Funds, (iii) liquidate the Company or any Sub-Fund and distribute its assets to Shareholders in accordance with their rights, (iv) vest the assets in, or in trustees for, the Shareholders in specie or (v) purchase or redeem its Investor Shares.

Further Issues of Investor Shares

The Company may, subject to the terms of the Memorandum and Articles of Association, decide to offer further non-voting Investor Shares up to a maximum amount of ten billion (10,000,000,000) shares in issue at any time and, without prejudice to any special rights previously conferred on the holders of existing Investor Shares, to allot, issue, grant options over or otherwise dispose of the Investor Shares or any other classes of Investor Shares (including fractions of Investor Shares) with or without preferred, deferred or other special rights or restrictions, whether with regard to dividend or otherwise and to such persons, at such times and on such other terms as the Board shall think proper, but not in a manner to reduce the financial rights of Shareholders without their consent.

Repurchase of Investor Shares

Under the Companies Act, the Company is permitted to repurchase or redeem its Investor Shares without restriction. Repurchased or redeemed Investor Shares shall be treated as cancelled and deemed never to have been issued for the purpose of calculation of the maximum number of Investor Shares which may be issued, and shall be available for reissue by the Company at any time in the future. Redemptions of Investor Shares will be made at the Redemption Price.

Closure of a Sub-Fund

Apart from cases where the assets of a Sub-Fund are not sufficient to meet the liabilities in respect of such Sub-Fund, in which case the rules on insolvency will apply to the Sub-Fund in question, Sub-Funds may be closed from time to time and their licence surrendered to the MFSA. In cases where there are no outstanding Investor Shares in a Sub-Fund, as a result of redemptions or exchanges of

Investor Shares with Investor Shares in another Sub-Fund, the Directors may resolve to close the Sub-Fund in question and surrender its licence to the MFSA. Without prejudice to what is stated in the part entitled “Total Redemption” under “**Section 11 | Redemption of Investor Shares**”, where there are outstanding Investor Shares in a Sub-Fund then the consent in writing of three-fourths ($\frac{3}{4}$) of the Shareholders in that Sub-Fund will be required in terms of the Memorandum and Articles.

Liquidation

The Company, and the Sub-Funds except where otherwise provided in the related Offering Supplement, have been incorporated for an indefinite period and unless closed or liquidated as described hereunder will exist in perpetuity.

Apart from the rules applicable to the closure of a Sub-Fund which are outlined in the Memorandum and Articles and in this Offering Memorandum (see “Closure of a Sub-Fund” above), and any conditions stated in the related Offering Supplement, a Sub-Fund may be wound up and dissolved either voluntarily or under supervision or by the Court. Upon the winding up or dissolution (whether the liquidation is voluntary or under supervision or by the Court) of any Sub-Fund, the assets of such Sub-Fund available for distribution (after satisfaction of creditors’ claims) amongst the Shareholders of such Sub-Fund shall be distributed to the Shareholders of such Sub-Fund pro rata to their respective shareholding. Amounts which have not been claimed by Shareholders at the close of the liquidation of any Sub-Fund will be deposited in an account in the Shareholder’s name with a trustee selected by the liquidator. Any such amount not claimed within a period of seven (7) years will be donated to a Maltese enrolled voluntary organisation selected at the discretion of the trustee.

Subject to all Sub-Funds in the Company being closed, the Company may be dissolved and wound up either voluntarily or under supervision or by a competent Court. The Company may be placed in voluntary liquidation at any time by a resolution adopted by the holders of the Founder Shares in the same manner as that required for amending the Memorandum and Articles. Any voluntary liquidation of the Company shall be carried out pursuant to applicable Maltese laws and the Memorandum and Articles. Amounts which have not been claimed by Shareholders at the close of the liquidation will be deposited in an account in the Shareholder’s name with a trustee selected by the liquidator. Any such amount not claimed within a period of seven (7) years will be donated to a Maltese enrolled voluntary organisation selected at the discretion of the trustee. Any proceedings in relation to the Company shall respect the legal status of each Sub-Fund as a patrimony separate from the assets and liabilities of each other Sub-Fund and the Company and proceedings under the Companies Act shall apply mutatis mutandis to each Sub-Fund as though it were a distinct legal entity and with such modifications as are necessary to accommodate the fact that a Sub-Fund is not a company. Any proceedings in relation to any one Sub-Fund shall not have any effect on the assets of any other Sub-Fund or of the Company itself. The term ‘proceedings’ as used herein refers to any proceedings whatsoever including in terms of Title II of Part V and of Part VI of the Companies Act.

Applicable Law, Jurisdiction and Recognition of Judgements

As shareholders in a Maltese company, Shareholders’ rights (as described in this Section) are subject to Maltese law (in particular the ISAct and the Companies Act) and jurisdiction.

Without prejudice to the above choice of jurisdiction, judgements awarded by a competent court outside Malta would be recognised as a valid judgement and enforceable in the courts of Malta without re-examination of the merits of any matters treated in that judgement, subject to the following:

- (a) in the case of judgements falling within the scope of the EC Regulation 44/2001 on Jurisdiction and the Recognition and Enforcement of Judgements in Civil and Commercial Matters (the

- “European Judgements Regulation”**), the recognition and enforcement would be subject to the provisions contained in the European Judgements Regulation;¹
- (b) in the case of judgements falling within the scope of the Convention on Jurisdiction and the Recognition and Enforcement of Judgements in Civil and Commercial Matters signed in Lugano on the 30 October 2007 between the European Community, the Kingdom of Denmark, the Republic of Iceland, the Kingdom of Norway and the Swiss Federation (the **“Lugano Convention”**), the recognition and enforcement of judgements delivered in Member states of the Lugano Convention, other than judgements which fall within the European Judgements Regulation, would be subject to the provisions contained in the Lugano Convention; and
- (c) in the case of judgements neither falling within the scope of the European Judgements Regulation nor the Lugano Convention, the recognition and enforcement would be subject to the applicable law of Malta imposing judgement registration or confirmation in Malta, provided that the judgement: (i) does not contain dispositions contrary to public policy and (ii) cannot be set aside on any of the grounds for re-trial as contemplated in the law of Malta on civil procedure.

¹ Malta also has a reciprocal enforcement agreement with the United Kingdom but this operates in relation to money judgements only. Judgements are registered, by application, with the Court of Appeal in accordance with and subject to the terms of the British Judgements (Reciprocal Enforcement) Act (Cap. 52, Laws of Malta).

- iv. Comply with the relevant Minimum Initial Subscription and the Minimum Holding limits.

The Company will only issue Investor Shares to applicants upon receipt, at the offices of the Administrator within the deadlines specified in the related Offering Supplement, of a properly executed Subscription Agreement and other required documentation, and of cleared payments.

A copy of the Subscription Agreement and the Qualifying Investor Declaration Form, should be completed and retained by the applicant for the applicant's personal reference and records.

The Company may accept, in its sole and absolute discretion, investments in other currencies under the following conditions: (i) each currency will be converted to the Base Currency of the respective Investor Share, at the sole cost and expense of the Subscriber (and the cost will be deducted from the Subscriber's gross subscription amount); (ii) each Subscriber will bear all currency fluctuation risks between the Base Currency of the respective Investor Share and their base currency; and (iii) all distributions (including Redemption Proceeds) will be made in the Base Currency of the respective Investor Share, unless the Subscriber requests in writing in advance that distributions to be made in a different currency, in which event the Subscriber will bear the cost of converting the distribution to its base currency and such cost shall be deducted from such distribution.

Subscribers' Undertakings and Warranties

Subscribers should take notice that by completing and executing the Subscription Agreement and the Qualifying Investor Declaration Form the subscriber is entering into a number of undertakings and giving a number of warranties as specifically set out in this Offering Memorandum and in the Subscription Agreement.

Subscribers should also take notice that no share certificates will be issued but the Administrator will provide written confirmation of the subscription.

Subscriptions in Specie

The Company shall, at its option, be entitled to receive securities or other investments, to the satisfaction of the Company and the Investment Manager, from a prospective Shareholder for the issue of Investor Shares in the Company in accordance with the provisions of the Memorandum and Articles and in accordance with applicable law.

The Company shall appoint a valuer which may be the Investment Manager, or an appointed third party, to draw up a valuer's report. Such report shall include:

- a description of each of the assets comprising the consideration;
- the value of each asset and a description of the method of valuation used; and,
- a confirmation that the value of the consideration is at least equal to the net asset value of the shares to be issued in return for such consideration.

The Company shall only issue Investor Shares in the relevant Sub-Fund once the assets referred to in the valuer's report have been transferred in favour of the Company to the satisfaction of the Directors and the Custodian.

All valuer reports issued by the appointed valuer shall be kept in Malta at the registered office of the Company.

Exchange of Shares

Unless otherwise stated in the Offering Supplement relating to a Sub-Fund a holder of Investor Shares may exchange all or part of his Investor Shares (the "**Original Shares**") into Investor Shares in another Sub-Fund or in a different class of the same Sub-Fund (the "**New Shares**"). The Sub-Funds of the Original Shares and of the New Shares must have coinciding Dealing Days.

An irrevocable request to exchange Investor Shares shall be construed as being a request for the repurchase of the stated number of Original Shares (save that the repurchase monies shall not be released to the investor, but shall be deemed to be paid to the Company for the purpose of acquiring the New Shares) and a simultaneous request for the proceeds from such repurchase to be applied in the purchase of New Shares as may be indicated. The exchange of Shares shall take place on the same Dealing Day at the relevant Redemption Price and Offering Price.

Absent any other arrangements between the holder of the Original Shares and the Company, if for any reason whatsoever the repurchase of the Original Shares and the purchase of the New Shares cannot both be completed on the same Dealing Day, then the request to exchange Shares shall be processed on the next Dealing Day when such repurchase and purchase can both be completed.

The number of New Shares to be issued on exchange shall be determined by the Administrator in accordance (or as nearly as may be in accordance) with the following formula: -

$$NS = \frac{[(A \times B) - C] \times D}{E}$$

where:-

- NS = the number of New Shares which will be issued;
 A = the number of Original Shares to be exchanged;
 B = the Redemption Price of such Original Shares on the relevant Dealing Day;
 C = any applicable transaction costs (including any relevant fees set out in the Offering Supplement);
 D = if applicable, the rate of exchange determined by the Administrator for converting the Base Currency of the Original Shares into the Base Currency of the New Shares; and
 E = the Offering Price of the New Shares on the relevant Dealing Day (including any commissions payable).

Transfer of Shares

General

The Investor Shares of the Company can only be transferred to, and at all times held by, persons being Qualifying Investors. In order to acquire or hold Investor Shares in the Company, all Qualifying Investors must satisfy the conditions set out in this Offering Memorandum.

A Shareholder desiring to transfer his Investor Shares must make available to the Company a written instrument of transfer executed by or on behalf of the proposed transferor setting forth:

- i. the names and addresses of the proposed transferor and transferee;
- ii. the number of Investor Shares to be transferred and the consideration to be paid by the proposed transferee; and
- iii. such other information as the Company may require, including information necessary to satisfy the Company that the proposed transfer complies with applicable laws and appropriate identification documentation is provided as required by the Company or the Administrator on its behalf to comply with applicable anti-money laundering regimes.

The proposed transferee must, in the above-mentioned instrument of transfer, agree to take such Investor Shares subject to the same conditions and restrictions pursuant to which the Investor Shares were held by the transferor.

The Memorandum and Articles provide that the Directors may, in their absolute discretion, decline to give effect to the proposed transfer of any Investor Share and may withhold approval for any reason.

Furthermore, the Directors may decline to register any transfer of Investor Shares:

- i. unless the instrument of transfer is deposited to the Company at the office of the Administrator or such place as the Directors may reasonably require and such other evidence as the Directors may reasonably require to prove the right of the transferor to make the transfer;
- ii. if the Company has any lien on the Investor Shares being transferred; or
- iii. if the registration of transfers has been suspended by the Directors in accordance with the Memorandum and Articles.

If the Directors decline to register a transfer, they shall send notice to the transferee of such refusal within two (2) months. If after two (2) months of receipt by the Company of an acceptable instrument of transfer the Directors do not deny permission for the transfer, the Company shall be deemed to have approved the transfer, and shall be obliged to register the transfer without delay.

Eligible Investors

The investor must meet all suitability requirements described herein and in the Subscription Agreement. The Company will not knowingly offer or sell Investor Shares to any investor to whom such offer or sale would be unlawful.

The Directors shall not be bound to register more than four (4) persons as joint holders of any Investor Shares and Shares may not be transferred to persons under the age of eighteen (18).

Each investor must represent and warrant to the Company that, amongst other things, he is a Qualifying Investor and is able to acquire Investor Shares without violating applicable laws. The investor must also complete and provide the Company with a completed Qualifying Investor Declaration Form.

Minimum Holding Requirements for Registration of Transfers

Should it appear to the Administrator that the effect of a transfer will result, after the transfer, in the transferor or the transferee holding in aggregate less than the Minimum Holding required in this Offering Memorandum, the Administrator shall immediately inform the applicant that the request for registration of a transfer has been suspended until the request is amended to result in observance of the Minimum Holding of Investor Shares after the transfer of Investor Shares by the transferor and transferee.

Section 11 | REDEMPTION OF INVESTOR SHARES

Procedure

Subject to the restrictions appearing in this Offering Memorandum, the Memorandum and Articles, or, in relation to a particular Sub-Fund, the related Offering Supplement, a Shareholder may cause any or all of his Investor Shares to be redeemed by the Company on a Redemption Day at the Redemption Price.

Redemptions of Investor Shares may be made on any Redemption Day, at the Redemption Price, if a valid Redemption Notice is received by the Company at the office of the Administrator with such prior notice as may be stated in the related Offering Supplement. Redemption requests received after such time and date will not be processed on the next Redemption Day but on the first one thereafter.

Subject to any conditions which may be stated in a Redemption Notice, Redemption Proceeds due will be paid out as soon as practicable after final calculation of the NAV per Share, and after receipt of the proceeds of the sale of any investments sold to fund the redemption.

Except as discussed above and below, all requests for redemption in the proper form will be honoured and the Sub-Fund's investments will be liquidated to the extent necessary (if any) to discharge its liability on the date of redemption.

Redemption Notices sent by the Shareholder to the Company at the office of the Administrator will be deemed not to have been received by the Company at the office of the Administrator unless receipt is acknowledged in writing by the Administrator. Exceptions are made where the delivery of the communication has been acknowledged by a signed receipt.

Redemption Price

Unless stated otherwise in the Offering Supplement of a particular Sub-Fund, the Redemption Price per share on the relevant Redemption Day is the NAV per Share calculated to four (4) decimal places as at the close of business on the relevant Valuation Day.

Redemption in Specie

Apart from the circumstances described under "Total Redemptions" below, the Memorandum and Articles provide that the Directors may determine that the payment of the Redemption Proceeds to any Shareholder may, subject to the conditions specified hereunder being satisfied, be made wholly or partially *in specie*. This will be done by transferring to the Shareholder, from the portfolio of assets allocated to the class or classes of Investor Shares being redeemed, assets with a value equal – as of the Valuation Day on which the Redemption Price is calculated – to the whole, or (where applicable) the appropriate portion, of the Redemption Proceeds.

With regard to the conditions referred to above, the Directors shall request the Investment Manager to ensure that the Company shall only carry out such redemption *in specie*:

- i. where the Shareholder has consented in writing to such redemption *in specie*; and
- ii. equal treatment is afforded to all Shareholders, of the same class of Investor Shares, being offered a redemption *in specie* on the same Redemption Day; and

- iii. the nature and type of assets to be transferred are determined on a fair and reasonable basis and without prejudicing the interests of the other holders of Investor Shares of the relevant class or classes of shares.

Any costs resulting from such redemption in specie shall be borne by the relevant Sub-Fund.

Deferral of Redemptions

The Directors may in their exclusive discretion, set out in the Offering Supplement relating to a Sub-Fund, a limit on total amount of redemptions that may be affected on any Redemption Day. The limit will generally be a percentage of the Investor Shares in a given Sub-Fund in issue on that day (in each case before giving effect to sales of Investor Shares or requests for redemption for such Redemption Day) as set out in the Offering Supplement relating to that Sub-Fund. In such circumstances the Company or its authorised agent may scale down pro rata the number of Investor Shares to be redeemed in response to each request for redemption to the extent necessary to ensure that the said limit is not exceeded. The balance for redemption shall be carried forward as at the next Redemption Day and so on to each succeeding Redemption Day until each request has been complied with in full. Requests for redemption carried forward from an earlier Redemption Day shall have priority over later requests.

Temporary Suspension in Redemptions

The Company may suspend the calculation of the NAV of the Sub-Fund and the right of any Shareholder to require redemption of any Investor Share and the issue of Investor Shares during; (a) any period when any stock exchange on which a significant proportion of the investments of the Sub-Fund is quoted is closed otherwise than for ordinary holidays or during which dealings thereon are restricted or suspended; (b) any period when disposals of investments by the Sub-Fund cannot be effected normally or without seriously prejudicing the interests of Shareholders; (c) any period when there is a breakdown in the means of communication normally employed in determining the price or value of any of the investments or the current price or values on any stock exchange; or (d) any period when the Sub-Fund is unable to repatriate funds for the purpose of making payments on the redemption of Investor Shares or during which any transfer of funds involved in the realisation or acquisition of investments or payments due on redemption of Investor Shares cannot, in the opinion of the Directors, be effected at normal rates of exchange. Notice of any such suspension will be given to all Shareholders in the relevant Sub-Fund, including any Shareholder tendering his Investor Shares for redemption. Shareholders will be promptly notified upon the termination of such suspension.

Compulsory Redemption

The Company reserves the right to require a Shareholder to redeem all or any part of its shareholding, within one (1) Business Day of a notice of intent to do so, in the event that the holding of Investor Shares by the Shareholder concerned may result in regulatory, pecuniary, legal, taxation or material administrative disadvantage for the Company or the Shareholders as a whole, if the Shareholder ceases to qualify as a Qualifying Investor or, if on any Valuation Day, the total value of the Investor Shares held by the Shareholder is less than the Minimum Holding for the Company or a Sub-Fund or if the Company otherwise determines that the ownership of the Investor Shares by the Shareholder is not in the best interests of the Company. Such compulsory redemptions will take place at the prevailing Redemption Price on the day that such redemption takes place.

Suspension of Redemption Requests

Should it appear to the Administrator that the effect of a Redemption Notice will result, after the redemption, in the Shareholder holding in aggregate less than the minimum required in this Offering Memorandum or (where applicable) in the related Offering Supplement, the Administrator shall immediately inform the applicant that the request for redemption has been suspended until the Redemption Notice is amended either to result in observance of the Minimum Holding of Investor Shares, after redemption, or to request the redemption of all of the outstanding Investor Shares in the name of the Shareholder.

Total Redemption

If at any time the continuation of the Sub-Fund is no longer viable or desirable owing to:

- i. the termination of the engagement of the Investment Manager; or
- ii. the Investment Manager recommending the closure of the Sub-Fund on the basis that the outlook and the potential of the investment strategy or strategies available for the management of the assets of the Sub-Fund may in the light of certain developments, no longer be attractive or viable; or
- iii. other factors that may prejudice the successful pursuit of such strategies or the adequate fulfilment of the investment objective of the Sub-Fund; or

the Company may, by not less than four (4) nor more than six (6) weeks' notice (expiring on a Dealing Day) to all interested Shareholders, redeem all the relevant Investor Shares not previously redeemed. Subject to the conditions set out above and in the Memorandum and Articles as well as any set out in the relevant Offering Supplement, the holders of the relevant Investor Shares may be required to receive redemptions *in specie*.

Section 12 | SIDE POCKETS

Notwithstanding anything to the contrary herein, the Directors may, upon the happening of an Illiquidity Event, reconstitute such number of Investor Shares in the relevant Sub-Fund into Side Pocket Shares, in proportion to the value of the assets of the Sub-Fund which have become illiquid or otherwise difficult to value. The Directors may, at their sole and absolute discretion, reconstitute such number of Investor Shares into Side Pocket Shares as may be necessary depending on the extent of the illiquidity of the assets of the relevant Sub-Fund. Therefore, the Directors are not subject to any limit on the percentage value of assets of the relevant Sub-Fund that may be allocated to a Side Pocket.

Upon the crystallization of an Illiquidity Event, all existing Shareholders in the relevant Sub-Fund will have such number of Investor Shares held by them converted into Side Pocket Shares, pro rata to their shareholding in the relevant Sub-Fund. The Company, in respect of the relevant Sub-Fund, will not issue Side Pocket Shares to investors subscribing for Investor Shares in the relevant Sub-Fund after the happening of an Illiquidity Event, unless a new Illiquidity Event materializes subsequent to their subscription to Investor Shares in the relevant Sub-Fund.

The value of assets allocated to a Side Pocket shall be determined in accordance with the provisions in this Offering Memorandum relating to the determination of the Net Asset Value. The initial valuation of an asset entering a Side Pocket will be at the lower of: (a) cost or (b) fair value, of the asset allocated in each case as established by the Investment Manager. The fair value may be the latest available market price (if any) or a lower value or even nil.

Side Pocket Shares shall not be redeemable until the illiquid assets which they represent become liquid or capable of valuation. Once an illiquid asset constituting the Side Pocket becomes liquid or capable of valuation, the Directors may:

- compulsorily redeem such portion of the Side Pocket Shares representing the previously illiquid asset in accordance with the procedures set out in this Offering Memorandum on compulsory redemptions; or
- reconstitute such portion of the Side Pocket Shares representing the illiquid asset into Investor Shares in the Sub-Fund, and transferring to the liquid pool of assets of the relevant Sub-Fund the asset which was previously illiquid or hard to value.

Provided that, a compulsory redemption or reconstitution of Side Pocket Shares into Investor Shares in the relevant Sub-Fund in terms of the above, shall be undertaken pro rata amongst all the holders of Side Pocket Shares in the relevant Sub-Fund.

Where a Sub-Fund has Side Pocket Shares in issue, any Investment Management Fees due by the Company in respect of that Sub-Fund to the Investment Manager, shall be calculated on the basis of the lower of costs and fair value of the assets allocated to the Side Pocket. Furthermore, any Performance Fees due to the Investment Manager in respect of the assets allocated to the Side Pocket will be calculated and will become payable once the previously illiquid asset is sold or it otherwise becomes liquid.

Section 13 | FEES, CHARGES AND EXPENSES

Investment Management Fees

Under the terms of the Investment Management Agreement, each Sub-Fund is bound to pay an investment management fee as specified in the related Offering Supplements of each Sub-Fund.

The Company may apply different fees to different Sub-Funds and to different classes of Investor Shares in any Sub-Fund of the Company.

The Investment Manager may waive or allocate any of its Investment Management Fees to third parties including Investment Advisors, Sub-Investment Managers and Investment Distributors or direct the Company to pay such portion of its Investment Management Fee directly to such third parties.

The Investment Manager shall bear its own overhead and other internal operating costs, but shall be reimbursed by the Company or the Sub-Fund concerned for such reasonable out-of-pocket expenses which the Investment Manager incurs on behalf of the Company and/or the Sub-Fund.

Performance Fees

There may be Performance Fees due to the Investment Manager in relation to each Sub-Fund and these are disclosed in full in the Offering Supplement for the particular Sub-Funds.

Alterations to the Investment Management and Performance Fees

The Directors may, at their sole discretion, agree to any changes to the Investment Management Fees or the Performance Fees applicable to any Sub-Fund provided that notice of any material alterations to the said fees as may apply to a Sub-Fund or class of Investor Shares and of the date when and the method how the said alterations shall come into force shall be given to the Shareholders holding Investor Shares in the particular Sub-Fund.

Where the introduction of such alterations will effectively result in higher costs to investors and/or the Sub-Fund, they shall only come into force only after a period of at least thirty (30) Business Days from the date of such notice. In all other cases the changes may be brought into effect immediately.

Soft Dollar Arrangements

The Investment Manager or the Sub-Investment Manager, as applicable, may at its sole discretion, use certain brokers with which they have negotiated terms and conditions and commission rates.

The Investment Manager, or the Sub-Investment Manager, as applicable, may also effect transactions or arrange for the effecting of transactions through brokers with whom they have soft dollar agreements. The benefits provided under such agreements will assist the Investment Manager / Sub-Investment Manager in the provision of services to the Company and to other third parties. Specifically, the Investment Manager / Sub-Investment Manager may agree that a broker shall be paid a commission in excess of the amount another broker would have charged for effecting such transactions so long as, in the good faith judgement of the Investment Manager / Sub-Investment Manager, the amount of the commission is reasonable in relation to the value of the brokerage and other services provided or paid for by such broker. Such services, which may take the form of research, analysis and advisory services, market price services, electronic trade confirmation systems, third party electronic dealing or quotation systems, computer hardware associated with specialised computer software or research services may be used by the Investment Manager in connection with transactions in which the Company will not participate. The Investment Manager / Sub-Investment Manager will only effect a transaction, with any person pursuant to a commission based agreement or a soft dollar arrangement, which is in the best interest of the Company.

The Company will meet all travel, accommodation and other reasonable expenses incurred by the Directors in holding Board meetings and in relation to the business of the Company and when the Directors personally pay for any costs they will also be reimbursed for out-of-pocket expenses. The maximum sum which can be paid to any one Director of the Company shall not exceed €50,000 per annum and such sum shall be maintained unless modified by the members of Company entitled to attend and vote at the general meeting of the Company.

Other Fees and Expenses

All costs and expenses associated with the launch of the Company and the Sub-Funds, including government incorporation charges, MFSA application and licensing fees and professional fees and expenses in connection with the preparation of this Offering Memorandum and the agreements referred to herein, will be paid by the Sub-Funds. Such costs and expenses are expected to amount to not more than €50,000 and may be amortised over a period of five (5) years at the sole discretion of the Directors solely for the purpose of the Sub-Funds' NAV calculation.

The Sub-Funds may also bear all other expenses incidental to the Company's operations and business, including subscription and redemption fees with respect to investments in other funds,

transactional costs including all brokerage, banking, sales and purchase commissions and charges and exchange fees, fees and charges of clearing agencies, interest and commitment fees on loans and debit balances, income taxes, withholding taxes, transfer taxes and other governmental charges and duties, any costs incurred in respect of meetings of the Directors (including its committees) and meetings, if any, of Shareholders, fees of the Company's company secretary, legal advisors and the Auditors at such rates as may be agreed from time to time between the Company and the Auditors, Directors' fees and expenses, the costs of maintaining the Company's registered office in Malta and its registration with the MFSA and the costs of printing and distributing any offering materials and any reports and notices to Shareholders.

Subscription and Redemption Fees

The Directors reserve the right to charge investors a subscription or redemption fee or charge as may be set out in the Offering Supplement in respect of a Sub-Fund.

Section 14 | AML AND DATA PROTECTION

Anti-Money Laundering (Maltese Law)

Each of the Company, the Investment Manager, the Custodian and the Administrator are subject to obligations under the Prevention of Money Laundering Act (“**PMLA**”), which makes provision for the prevention and prohibition of money laundering in Malta. The PMLA establishes the foundations for the legal framework by introducing basic legal definitions, laying down the procedures for the investigation and prosecution of money laundering offences, and establishing the Financial Intelligence Analysis Unit (“**FIAU**”).

The obligations under the PMLA include the identification of customers, the retention of the relevant identification and transaction documentation and the reporting of transactions suspected of involving money laundering to the FIAU. In this regard, the Administrator has established appropriate internal procedures to fulfil these obligations which it monitors on a regular basis.

The Prevention of Money Laundering and Funding of Terrorism Regulations (the “**PML Regulations**”), issued in terms of the PMLA, serve to flesh out the systems and procedures to be adopted by subject persons in the course of their business activities. They also provide high level requirements for identification and customer due diligence, internal record keeping, reporting of suspicious transactions, internal and external reporting and employee instruction and training. The PML Regulations require that the identification documents/certificates obtained must be satisfactory and must be verified. The level and type of documentation required to identify a customer and the level of verification required may vary according to the investor’s Anti-Money Laundering (“**AML**”) risk profile. In this regard, the Regulations, in line with international standards, outline the various levels of due diligence required according to the level of risk posed by a particular customer and/or situation. The Regulations incorporate all applicable EU Directives to date.

Anti-Money Laundering (Maltese Requirements)

The specific requirements include, inter alia, the fundamental requirement to conduct suitable investor due diligence, including the requirement to “know-your-client” (and to verify the identity thereof), which extends, for any ‘non-individual’ investor, to the ultimate beneficial owner(s) of the monies invested. This requirement is principally (though not exclusively) satisfied through documentary evidence, as listed in the AML Supplement which forms part of the Subscription Agreement. It should be noted that the Administrator may request further information, in order to satisfy its regulatory obligations.

The Administrator is also obliged to obtain information on the purpose and intended nature of the business relationship, in order to be in a position to establish the business and the AML risk profile of the investor. The Administrator is also obliged at law to carry out ongoing monitoring in the case of an existing business relationship, which includes the scrutiny of transactions undertaken throughout the course of the relationship in order to ensure that the transactions being undertaken are consistent with the Administrator’s knowledge of the investor and of his business and risk profile, including, where necessary, the source of funds as well as ensuring that the documents, data or information held by the Administrator are kept up-to-date.

The usual documents and information required are listed in the AML Supplement. Completion of the Subscription Agreement, serves as confirmation that the Subscriber understands and agrees to furnish the requested documents and other information to the Administrator. Where, following receipt of cleared funds by the Custodian and prior to the issuance of Investor Shares, the Administrator is not

satisfied with the AML documentation, the money may be held in the account to which it was remitted and the subscriber will bear all associated risks. The Administrator determines whether, in the light of its AML obligations, it has sufficient documentation in hand to allow the issuing of Investor Shares.

If any documents requested are not received within a reasonable time following submission of the Subscription Agreement, the Administrator will send a request to the Shareholder, informing it that these documents are still due. If, within a reasonable time after this reminder, the Administrator still has not received the documents requested, further requests will be sent to the Shareholder. For these further requests there will be a charge imposed on the Shareholder of €100, which will be charged directly against the Shareholder's interest in the Company.

It must also be noted that, in the event that a redemption request is received from a Shareholder who in the opinion of the Administrator has failed to submit all the required AML documents, although the redemption will be acted upon, Redemption Proceeds cannot be remitted to the Shareholder until all documents requested have been received or necessary verifications made. The Redemption Proceeds will be held by the Custodian and the Shareholder will bear all associated risks. Further, please note that it is a regulatory requirement to report suspicious transactions to the competent authorities, and any relevant data in this regard may need to be transferred to the relevant regulators.

The Company or the Administrator also reserve the right to refuse to return money remitted to the Company prior the issue of Investor Shares, and to make any redemption payment or distribution to a Shareholder, if any of the Directors of the Company or the Administrator suspects or is advised that the payment of any redemption or distribution moneys to such Shareholder might result in a breach or violation of any applicable AML laws or the laws, regulations, and Executive Orders administered by the U.S. Department of Treasury's Office of Foreign Assets Control ("**OFAC**"), or other laws or regulations by any person in any relevant jurisdiction (collectively, "**AML/OFAC obligations**").

There is also a requirement to know the source of the funds, such requirement normally limited to knowing the bank and account from which the monies were remitted. A further requirement is that such monies invested may and will only be redeemed to the account of remittance, except as otherwise agreed with the Administrator.

Each Subscriber and Shareholder will be required to make such representations to the Company as the Company, the Investment Manager or the Administrator will require in connection with applicable AML/OFAC obligations, including, without limitation, representations to the Company that such Subscriber and Shareholder is not (i) an individual or entity named on any available lists of known or suspected terrorists, terrorist organisations or of other sanctioned persons issued by the United States government and the government(s) of any jurisdiction(s) in which the Company is doing business, including the "List of Specially Designated Nationals" and "Blocked Persons" administered by OFAC as such list may be amended from time to time; (ii) an individual or entity otherwise prohibited by the OFAC sanctions programs; or (iii) a current or former senior foreign political figure² or politically exposed person³, or an immediate family member or close associate of such an individual. Further,

² A "senior foreign political figure" is defined as (a) a current or former senior official in the executive, legislative, administrative, military or judicial branches of a non-U.S. government (whether elected or not), a current or former senior official of a major non-U.S. political party, or a current or former senior executive of a non-U.S. government-owned commercial enterprise; (b) a corporation, business, or other entity that has been formed by, or for the benefit of, any such individual; (c) an immediate family member of any such individual; and (d) a person who is widely and publicly known (or is actually known) to be a close associate of such individual. For purposes of this definition, a "senior official" or "senior executive" means an individual with substantial authority over policy, operations, or the use of government-owned resources; and "immediate family member" means a spouse, parents, siblings, children and spouse's parents or siblings.

³ A "politically exposed person" ("PEP") is a term used for individuals who are or have been entrusted with prominent public functions in a foreign country, for example, Heads of State or of government, senior politicians, senior government, judicial

such Subscriber or Shareholder must represent to the Company that it is not a prohibited foreign shell bank⁴.

Such Subscriber and Shareholder will also be required to represent to the Company that amounts contributed by it to the Company were not directly or indirectly derived from activities that may contravene U.S. Federal, state or international laws and regulations, including, without limitation, of such subscriber or Shareholder, either by prohibiting additional investments from the subscriber or Shareholder, declining any withdrawal requests from the subscriber or Shareholder, suspending the payment of withdrawal proceeds payable to the subscriber or Shareholder, and/or segregating the assets in the account in compliance with governmental regulations. The Company may also be required to report such action and to disclose the Subscriber and Shareholder's identity to OFAC or other applicable governmental and regulatory authorities.

Finally as the aforementioned legislation is subject to change, any additional requirements imposed on the Investment Manager, the Company or the Administrator will be reflected in the requirements requested of the Subscriber or Shareholder.

Data Protection

As part of the subscription process all prospective investors and/or Subscribers are required to submit various documents and information. These are required to enable completion of the subscription process, maintenance of the Shareholders' register and generally to comply with any requests of Subscribers and Shareholders which the Company wishes to entertain and all applicable legislation and regulatory requirements. Shareholders may be similarly required to provide and/or submit documents and information whether in order to process exchange, transfer, redemption or other requests or to comply with relevant legislation. Any information so collected (which may include personal data ("**Personal Data**") as defined in the Data Protection Act (Cap. 440, Laws of Malta) (the "**DPA**")) will be processed by the Company as Data Controller in terms of the DPA and the "*Guidelines for the Promotion of Good Practice: Funds Sector*" issued by the Data Protection Commissioner.

The Company has, pursuant to the Administration Agreement and the Investment Management Agreement also appointed each of the Administrator and the Investment Manager respectively as its data processors for the collection, storage and processing of Personal Data relating to prospective investors, Subscribers and Shareholders. Information (including Personal Data) received from Subscribers and Shareholders will generally be stored by the Administrator in accordance with the DPA and, in the normal course of business, will not be made available to anyone other than the Company, the Administrator, the Investment Manager, the Custodian and the Prime Broker and this on a 'need-to-know' basis. It may, however, become necessary to transfer or disclose Personal Data at any time to comply with legislation in force either now or at any time in the future (see above in relation to AML/OFAC obligations for example). Further, should the administrative or investment management functions, in whole or in part, be transferred or delegated to another entity, data will be transferred to the extent necessary for such new entity to carry out its functions effectively. This may include entities in the U.S. that are members of Safe Harbor⁵ and in other countries which are deemed

or military officials, senior executives of state owned corporations, important political party officials. Business relationships with family members or close associates of PEPs involve reputational risks similar to those with PEPs themselves.

⁴ A "prohibited foreign shell bank" is a foreign bank that does not have a physical presence in any country, and is not a "regulated affiliate," i.e., an affiliate of a depository institution, credit union, or foreign bank that (i) maintains a physical presence in the U.S. or a foreign country, and (ii) is subject to banking supervision in the country regulating the affiliated depository institution, credit union, or foreign bank.

⁵ Entities in the US that comply with the Safe Harbor are deemed to have equivalent legislation to that in all EU countries.

to have equivalent data protection legislation in place, and also to countries that are not deemed to have equivalent data protection legislation in place. Data transfers may additionally be carried out for any reason that the Administrator deems necessary to comply with legislation in force at the time.

Prospective investors, Subscribers, Shareholders and other data subjects that are individuals (a “**Data Subject**”) generally have the right to request the Company, as Data Controller, for information as to whether any Personal Data relating to the Data Subject is being processed by the Company. Such requests shall be in writing, signed by the Data Subject in relation to whom the Personal Data relates and addressed to the Administrator who has been authorised by the Company to receive and address such requests. Where in such cases the Company does process Personal Data relating to such individual, the Company shall provide the information required under the DPA and the individual may have the right to rectify, block or erase such Personal Data including where the information is incorrect or no longer relevant.

Section 15 | TAXATION

Brief details of the taxation treatment of the Investor Shares in Malta are set out below but it is entirely the responsibility of prospective shareholders to inform themselves as to any taxation or exchange control legislation affecting them personally. The following summary should not be considered legal or professional tax advice.

General

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation applicable to the acquisition, holding and disposal of Investor Shares as well as distributions, if any, made by the Company.

The following is a summary of the anticipated tax treatment applicable to the Company and to its Shareholders in Malta. This information, which does not constitute legal or tax advice, refers only to Shareholders who do not deal in securities in the course of their normal trading activity.

The information below is based on tax law and practice applicable at the date of this Offering Memorandum. Shareholders of the Company are reminded that tax law and practice and the levels of tax relating to the Company, its Sub-Funds and the Shareholders, may change from time to time.

The Company

The tax regime in Malta for collective investment schemes is based on the classification of funds into “**prescribed funds**” or “**non-prescribed funds**” in terms of the conditions set out in the Collective Investment Schemes (Investment Income) Regulations (S.L.123.51, Laws of Malta) (the “**Investment Income Regulations**”). In general, a “prescribed fund” is defined as a resident fund which has declared that the value of its assets situated in Malta amounts to at least eighty-five percent (85%) of the value of the total assets of the fund. A non-prescribed fund is a fund which does not qualify as a prescribed fund.

The Sub-Funds are classified as “prescribed” or “non-prescribed” funds in terms of the Investment Income Regulations. Unless otherwise specified in the Offering Supplement relating to a Sub-Fund, the Sub-Funds shall seek to be classified as “non-prescribed” funds and a declaration to such effect will, where required, be made in accordance with the Investment Income Regulations to achieve such classification.

In respect of Sub-Funds which are classified as “non-prescribed funds”, a tax exemption at the Sub-Fund level applies on all the Sub-Fund’s income/capital gains (except for income from immovable property situated in Malta, if any).

Sub-Funds which are classified as “prescribed funds” are subject to tax on certain local interest income and on income from immovable property situated in Malta. No Maltese tax is due in respect of foreign source interest which does not qualify as investment income for purposes of Maltese income tax laws.

In respect of both “prescribed funds” and “non-prescribed funds”, capital gains, dividends, interest and any other income from foreign securities held by the Company may be subject to tax imposed by the country of origin concerned and such taxes may not be recoverable by the Company.

The Shareholders

Non-Prescribed Funds

Capital gains realised by non-Malta residents on transfers or redemptions of Investor Shares in “non-prescribed funds”, are exempt from tax in Malta provided that the beneficial owner of the gain is not resident in Malta and is not owned and controlled by, directly or indirectly, nor acts on behalf of an individual or individuals who are ordinarily resident and domiciled in Malta.

Capital gains realised by Malta resident Shareholders (but excluding (i) persons carrying on banking business under the Banking Act; (ii) persons carrying on the business of insurance and (ii) generally companies owned by the said persons) on the redemption, liquidation, or cancellation of shares in “non-prescribed funds” will be subject to a 15% final withholding tax and the obligation to deduct such tax at source lies on the Company. However, the Malta resident shareholder has the option to request the Company not to effect the deduction of the said 15% withholding tax in which case the investor would be required to declare the gains in his personal income tax return and will be subject to tax at the normal rates.

Switching or exchanging of units from a “non-prescribed fund” to another sub-fund (whether prescribed or non-prescribed) of the same umbrella scheme constitutes a taxable transfer for income tax purposes. However no tax is chargeable at the point of the switch. When switched shares are eventually disposed of, the calculation of the taxable gains will take into account any chargeable gains or allowable losses arising from all intermediate switches as well as from the final transfer.

Capital gains realised on direct transfers (if any) by Malta resident shareholders to third parties of shares in “non-prescribed funds” must be declared by the transferor in his tax return and tax is charged thereon at normal rates. .

In respect of “**non-prescribed funds**” that distribute income, in view of the fact that the said funds will be predominantly receiving profits exempt from Maltese tax, such profits should be allocated to the Untaxed Account for Maltese tax purposes. Distributions from Untaxed Account to a person who qualifies as a “recipient” i.e.

- i. Maltese resident investors (other than companies);
- ii. non-resident investors (including non-resident companies) who are owned and controlled by, directly or indirectly, or who act on behalf of, an individual who is ordinarily resident and domiciled in Malta; or
- iii. trustees of a trust where the beneficiaries are persons referred to in (i) and (ii)

are subject to a 15% withholding tax.

Such investors are not required to declare such dividends in their income tax returns. However, depending on their personal circumstances, they may declare such dividends in their income tax return and claim a credit of the 15% tax withheld.

The distribution of profits to persons who do not qualify as a “recipient” are not subject to any Maltese withholding tax. Furthermore, in such case, persons who are not resident in Malta shall not be obliged to declare the said dividend in any Maltese tax return.

Prescribed Funds

Capital gains realised by non-Maltese Shareholders on transfers or redemptions of Investor Shares in “prescribed funds”, are exempt from tax in Malta provided that the beneficial owner of the gain is not resident in Malta and is not owned and controlled by, directly or indirectly, nor acts on behalf of an individual or individuals who are ordinarily resident and domiciled in Malta.:

Capital gains realised by Malta resident Shareholders on the transfer, redemption, liquidation, or cancellation of shares in “prescribed funds” listed on a stock exchange recognised under the Financial Markets Act are exempt from tax in Malta. .

In respect of “prescribed funds” that distribute income, distributions of dividends to Malta resident Shareholders will generally not be subject to any further tax in Malta... Distributions of dividends by “prescribed funds” to non-Malta residents will also generally be exempt from tax in Malta.”.

Duty on Documents and Transfers

Redemptions of Investors Shares by the Company and transfers of Investor Shares to third parties are exempt from duty on documents and transfers in Malta, as the Company is a licensed collective investment scheme and will apply for a stamp duty exemption.

PROSPECTIVE SHAREHOLDERS SHOULD CONSULT THEIR OWN PROFESSIONAL TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF AN INVESTMENT IN THE SHARES OF THE COMPANY TO THEM INDIVIDUALLY.

TAX CONSEQUENCES MAY VARY DEPENDING UPON THE PARTICULAR STATUS OF AN INVESTOR.

THE TAX AND OTHER MATTERS DESCRIBED IN THIS OFFERING MEMORANDUM DO NOT CONSTITUTE, AND SHOULD NOT BE CONSIDERED AS, LEGAL OR TAX ADVICE TO INVESTORS.

Section 16 | INDEMNITIES

The Company has agreed that with respect to any actions in which any of its Directors, Officers, employees and agents is a party, the Company shall indemnify and hold harmless such person against any loss, claim, damage, charge, liability or expense (including reasonable attorneys' and accountants' fees), judgements and amounts paid in settlement, provided such actions did not involve gross negligence, wilful default or fraud or the unjustifiable failure to perform their obligations in whole or in part. Expenses may be paid by the Company in advance of the final disposition of such action if the indemnified person agrees to reimburse the Company in the event indemnification is not permitted.

The Company may purchase and maintain insurance in relation to the Directors against any liabilities asserted against them.

In addition, the Company has granted indemnities to the Investment Manager, the Custodian and the Administrator and their respective directors, officers, employees and agents as specified in the relevant agreements. For further details in this respect, please refer to "**Section 4 | The Investment Manager**", "**Section 5 | The Administrator**" and "**Section 6 | The Custodian**" respectively.

Section 17 | DETERMINATION OF NET ASSET VALUE

NAV per Share

The NAV per Share will be determined by the Administrator, except when the determination of same has been suspended in accordance with the Memorandum and Articles, on each Valuation Day and is calculated to four (4) decimal figures by aggregating the value of the assets owned or contracted by the relevant Sub-Fund and attributable to the relevant class and deducting all of the liabilities of the Sub-Fund attributable to the relevant class (including accrued liabilities and such provisions and allowances for contingencies as the Administrator considers appropriate in respect of the costs and expenses payable by the Sub-Fund and attributable to the relevant class including any accrued Performance Fees) and dividing such sum by the number of Investor Shares of the relevant class as may be outstanding at the close of business on that Valuation Day.

Valuation of Assets and Calculation of NAV

The Investment Manager shall assume responsibility for the valuation of the assets of the Company. The Valuation of the Company's assets shall be undertaken in accordance with the terms of this Offering Memorandum in accordance with the valuation policies and procedure of the valuation committee of the Company. Investors should also note that pursuant to the Investment Management Agreement, the Investment Manager is entitled to delegate its functions, powers, discretions, privileges and duties. Notwithstanding such delegation, the Investment Manager shall remain liable for any act or omission of any person, firm or corporation to whom the Investment Manager delegates its functions, powers, discretions, privileges or duties under the Investment Management Agreement, as if the act or omission were its own.

The Investment Manager is responsible for the valuation of the assets of the particular Sub-Funds. Nevertheless, investors should note that, the Investment Manager may appoint external valuers responsible for the valuation of certain assets of a Sub-Fund.

The Net Asset Value of each Sub-Fund shall be determined by calculating the net difference between the fair market value of its assets and the fair market value of its liabilities calculated on the basis of the provisions of the Memorandum and Articles. In general, the assets of the Sub-Funds will be valued as follows:

- (a) The value of any investment which is quoted, listed or normally dealt in on a market shall be calculated by reference to the price appearing to the Company or its appointees for valuation (the "Valuer") to be the last available bid price if bid and asked prices are available (or if bid and asked prices are not available, the closing price) on the market on which the investment is quoted, listed or ordinarily dealt in for such amount of such investment as the Valuer may consider in the circumstances to provide a fair criterion, provided that:
 - (i) if an investment is quoted, listed or normally dealt in on more than one market, the Valuer shall adopt the last available bid price or, as the case may be, the closing price, on the market which in their opinion provides the principal market for such investment; and

- (ii) in the case of an investment which is quoted, listed or normally dealt in on a market but in respect of which for any reason, prices on that market may not be available at any relevant time, the value therefore shall be certified by a person firm or association making a market in such investment and qualified, in the opinion of the Valuer, to provide such a certificate; and
 - (iii) there shall be taken into account interest on interest bearing investments up to the relevant Valuation Day.
- (b) The value of any investment, which is not quoted, listed or normally dealt in on a market shall be the value thereof ascertained by the Valuer in good faith. For this purpose:
 - (i) the initial value of such investment shall be the amount expended in the acquisition thereof (including the amount of the stamp duties, commissions and other expenses incurred in the acquisition thereof and the vesting thereof in the Sub-Fund);
 - (ii) there shall be taken into account interest on interest bearing investments up to the relevant Valuation Day; and
 - (iii) subsequent valuations will be undertaken in accordance with the valuation policy of the investment manager in accordance with fair value principles;
 - (v) in valuing such investments the Valuer may consider, inter alia, the fundamental analytical data relating to the investments, the nature and duration of restrictions on disposition of the investments and the forces, which influence the market in which the investments are purchased and sold.
- (c) The value of any future contracts, index futures contracts and options which are dealt in on a market shall be calculated by reference to the price appearing to the Valuer to be the settlement price as determined by the market in question provided that where it is not the practice of the relevant market to quote a settlement price or if such settlement price is not available for any reason, such value shall be calculated in such manner as Valuer shall determine;
- (d) On each Valuation Day, the value of any investment vehicle in which a Sub-Fund is invested will be the final net asset value ("**Final NAV**") reported by the fund manager or administrator of the investment vehicle on the Valuation Day or, if not available, the most recent estimated net asset value based on preliminary returns reported by such fund manager or administrator ("**Estimated NAV**"). All values assigned to securities and other assets and liabilities by the relevant party shall be final and conclusive as to all holders of the Investor Shares in the Sub-Fund. The NAV per Share will be based on Estimated NAV when Final NAV is unavailable. The Valuer will obtain confirmation from the managers or administrators of the investment vehicle in which the Sub-Fund invests regarding their net asset value calculations (whether they are supplying Estimated or Final NAV) prior to the determination of the NAV per Share. Once the NAV per Share has been finalised as of any Valuation Day, whether or not based on Estimated NAV, no adjustments or restatements of such NAV per Share will be performed, even if the Final NAV for particular assets differs from the Estimated NAV used to value such assets. Thus, in the event that there is a difference between Estimated NAV and Final NAV, any necessary adjustments will affect, and be reflected in, the NAV per Share reported in subsequent periods only. Accordingly, any purchase or redemption of Investor Shares will be at NAV per Share as of the Valuation Day coinciding with or immediately preceding the relevant Dealing Day. If there is ultimately a difference between the Estimated NAV and the Final NAV

- for particular assets that results in an adjustment of NAV after the Dealing Day, the Valuer will not make any adjustment to the dealing price;
- (e) Currency and futures forwards and currency and futures options shall be valued at bid or offer values (as appropriate) in accordance with procedures determined by the Valuer, as at such time on the Valuation Day as shall be determined by the Valuer;
 - (f) Certificates of deposit acquired at their nominal value plus accrued interest (if any) shall be valued at cost plus accrued interest from the date of acquisition on the nominal value at the coupon rate;
 - (g) Certificates of deposit acquired at a discount or premium on the sum of the nominal value and accrued interest at the date of acquisition shall be valued at their cost plus accrued interest from the date of acquisition on the nominal value at the coupon rate, and adjusted by an amount equal to the discount or premium at which they were acquired divided by the number of days unexpired at the date of acquisition and multiplied by the number of days elapsed from the date of acquisition to the relevant Valuation Day;
 - (h) Interest bearing securities shall be valued at cost plus accrued interest from the date of acquisition and adjusted by an amount equal to any discount or premium on the sum of the nominal value and accrued interest at the date of acquisition divided by the number of days unexpired at the date of acquisition and multiplied by the number of days elapsed from the date of acquisition to the relevant Valuation Day;
 - (i) In the case of any security or other property which in the opinion of the Valuer it would not be appropriate to value as above provided, its value thereof shall be determined in such manner as the Valuer shall from time to time determine;
 - (j) In the case of any asset realised or contracted to be realised at a known value the net proceeds, discounted at a rate considered appropriate by the Valuer of such realisation shall be taken into account in lieu of any other method of determining the value of the asset concerned;
 - (k) The value of any such securities or other assets listed above shall be determined having regard to the full amount of any currency premium or discount which may be relevant.

Prospective investors should be aware that situations involving uncertainties as to the valuation of investment vehicles may occur and could have an adverse effect on a Sub-Fund's net assets. Absent bad faith or manifest error, the NAV per Share as determined by the Administrator is conclusive and binding on all Shareholders.

The Company may suspend the calculation of the NAV per Share of any Sub-Fund, and as a result the issue and redemption of Investor Shares of that Sub-Fund will be suspended, under any one or more of the following circumstances:

- (a) a closure of or suspension of trading on any market on which any assets of that Sub-Fund are traded; or
- (b) a breakdown occurs in any of the means normally employed by the Administrator or Investment Manager to ascertain the value of the assets of that Sub-Fund or when for any other reason the value of the assets of that Sub-Fund cannot reasonably be ascertained; or

- (c) circumstances exist as a result of which in the opinion of the Investment Manager in consultation with the Directors it is not reasonably practicable for the Sub-Fund to realise any investments or other assets owned or contracted for which together constitute a material proportion of the overall assets of that Sub-Fund; or
- (d) for any other reason that the Investment Manager in consultation with the Directors in their discretion deem is in the best interests of the Sub-Fund.

In determining the value of investments, the Valuer will follow the above rules. For the purpose of calculating the NAV and the NAV per Share, the Administrator shall, and shall be entitled to, rely on, and will not be responsible for the accuracy of, financial data furnished to it by the Prime Broker or the Investment Manager. The Administrator may also use and rely on industry standard financial models identified by the Valuer in order to price any of a Sub-Fund's securities or other assets. If and to the extent that the Investment Manager is responsible for or otherwise involved in the pricing of any of a Sub-Fund's securities or other assets, the Administrator may accept, use and rely on such prices in determining the NAV per Share and shall not be liable to the Company, any investor in the Company, the Directors, the Investment Manager or any other person in so doing. The Administrator is not required and is under no obligation to value individual assets in calculating the NAV and/or verify pricing information. Accordingly, in calculating the NAV, the Administrator shall rely in absolute terms upon the Company, its Valuer or the relevant service providers for the purpose of providing the valuation of the underlying assets. The Administrator shall have the right to request the Valuer to confirm the sources used for the valuation of the underlying assets.

Additional conditions or methodologies relating to the calculation of the NAV of any particular Sub-Fund (including any class thereof) will, if applicable, be found in the relative Offering Supplement.

Section 17 | GENERAL INFORMATION

Except where otherwise stated in the Offering Supplement of any particular Sub-Fund, it is not envisaged that any income or gains will be distributed by the Company to its Shareholders. - (y) Subscribers should be aware that suspicious events are reportable, under the Maltese prevention of money laundering laws and regulations and, by way of example, failure to provide justification for the change of bank account, or a request to pay the proceeds into a bank account in a jurisdiction which the subscriber is not a resident could be deemed

suspicious and therefore would be reportable under the regulations and may cause the payment to be delayed or refused.

- (z) The Subscriber consents to the processing of any Personal Data by the Company and/or its data processors (which include the Administrator and the Investment Manager) as described in **“Section 13 | AML and Data Protection”** and specifically and unambiguously consents to the transfer of any such Personal Data to the persons and in the manner described in the aforementioned Section.
- (aa) The Subscriber agrees that, where redemption requests made by the Subscriber are sent to the Company at the office of the Administrator by facsimile, the Subscriber shall immediately send the original such notice to the Company at the office of the Administrator by post or by courier but that the Administrator shall, nonetheless, be entitled, but not obliged, to treat such facsimile notice at face value and to act thereon if the original has not arrived by the relevant Subscription Day.

Exceptions are made where the delivery of the communication has been acknowledged by a signed receipt. The Subscriber further agrees to indemnify and hold harmless the Administrator, its directors and other officers, servants, employees and agents from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgements, suits, costs, expenses or disbursements of any kind or nature whatsoever (other than those resulting from the gross negligence, fraud or wilful default of the Administrator, its directors or other officers, servants, employees or agents in its treatment of such facsimile notice) which may be imposed on, incurred by or asserted against Administrator, its directors or other officers, servants, employees or agents in its treatment of such facsimile notice.
